QUESTIONING

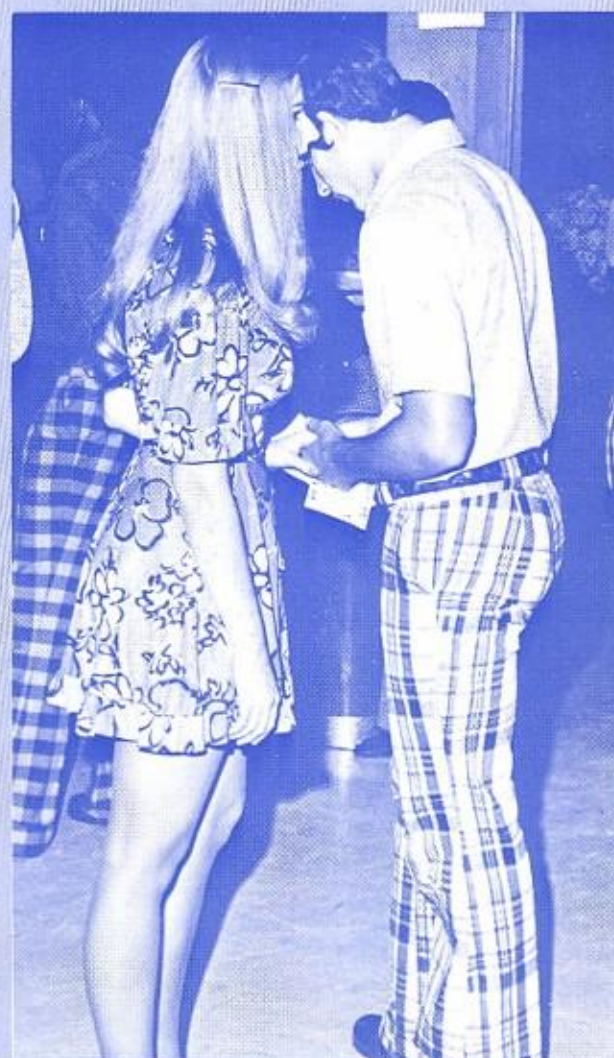

To question . . .
others actions and views;
To INQUIRE . . .
about things to which we
have no understanding of.

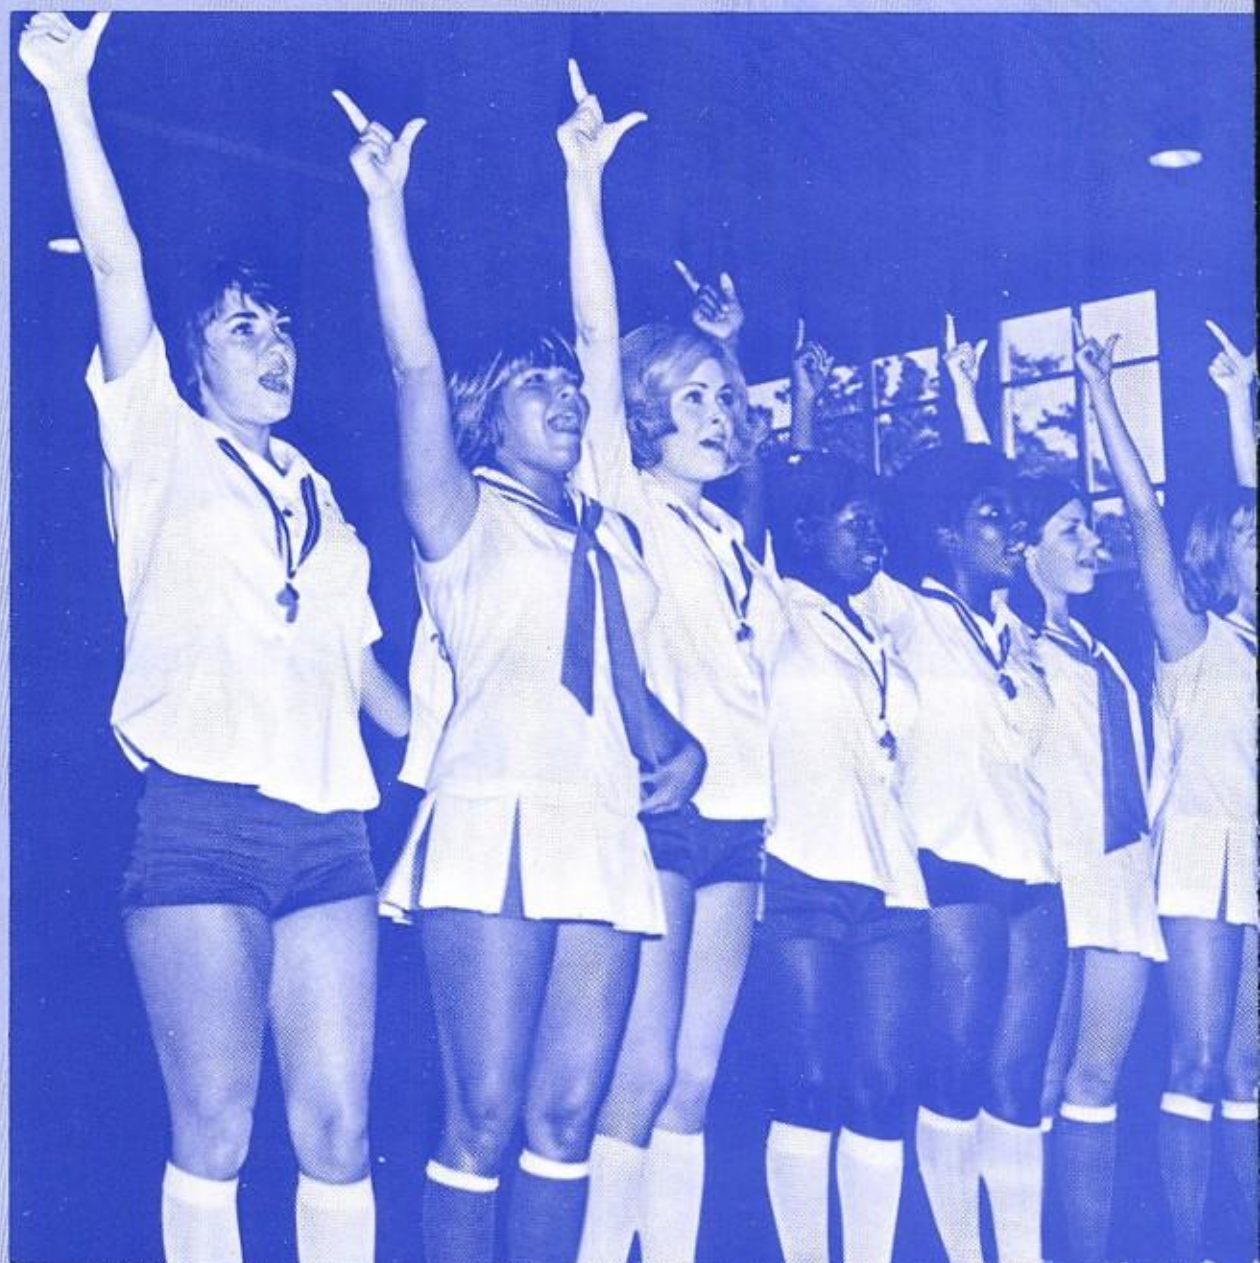

Right: Tammy Smith and Kevin Rocha seem to be all wrapped up in conversation at the "First Saturday" dance.
Bottom Right: Melinda Thompson gives Donnie Sanders a good luck note before the pep rally.
Below: Andy Wilson contemplates over a science experiment.

Above Far Left: Barry Patterson and Carol Proctor rehearse a scene from "Oklahoma".
Far Left: Brad Simmons performs a pom-pom routine for Cherri Clark and Kendali Land.
Left: Cheerleader Donna Fresman takes a breather while Steve Larkin looks on.

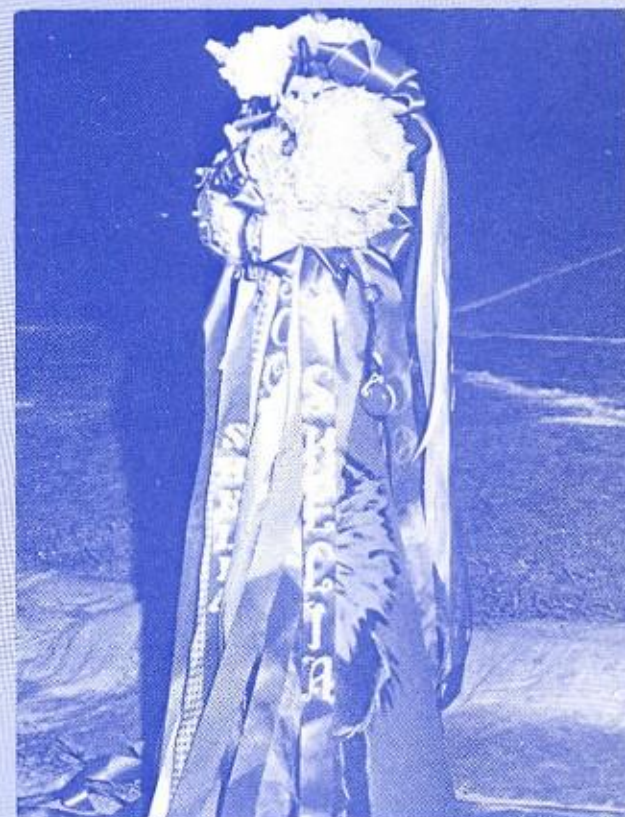

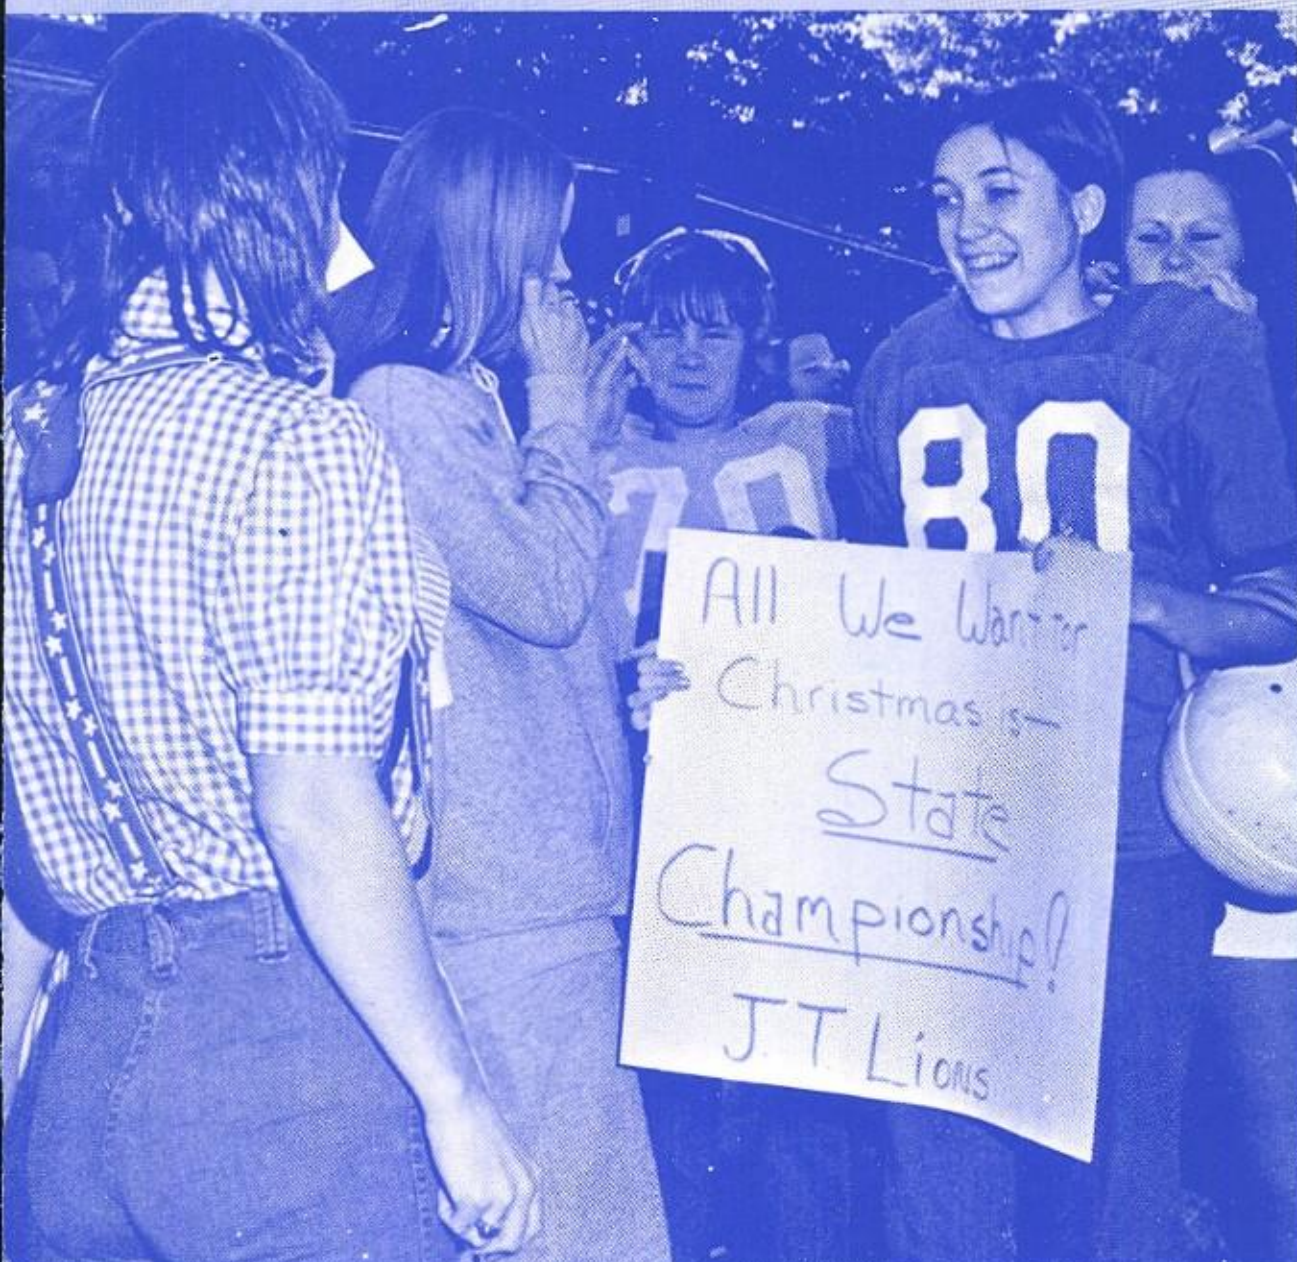

ANTICIPATIONS

To awake . . .
finding each day filled with new
experiences and adventures.

To EXPECT . . .
the good and the bad but
always hoping for the best.

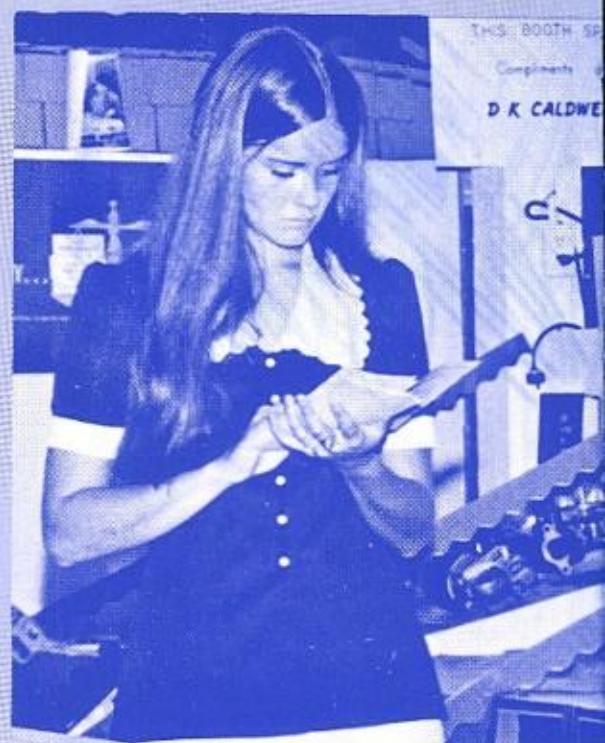

Far Left: Manager Paul Henrich takes Gary Johnson's helmet during a football game.
Above Far Left: Kathy Bankhead, Shelia Cates, Bobbie Bell, Carolyn Ford, Demetrius Roy, Susan Stanley and Denise Freeman sing the school song with much pride.
Bottom Far Left: Karen Brasher carries the Texas flag during the pre-game show.
Above: Shelia Dickerson shows Debbie Gordon and Karen Brasher her poster while Pam and Connie Sokolowski look on.
Left: Lion mascot Karen Harvey waits excitedly for the beginning of the pep-rally.

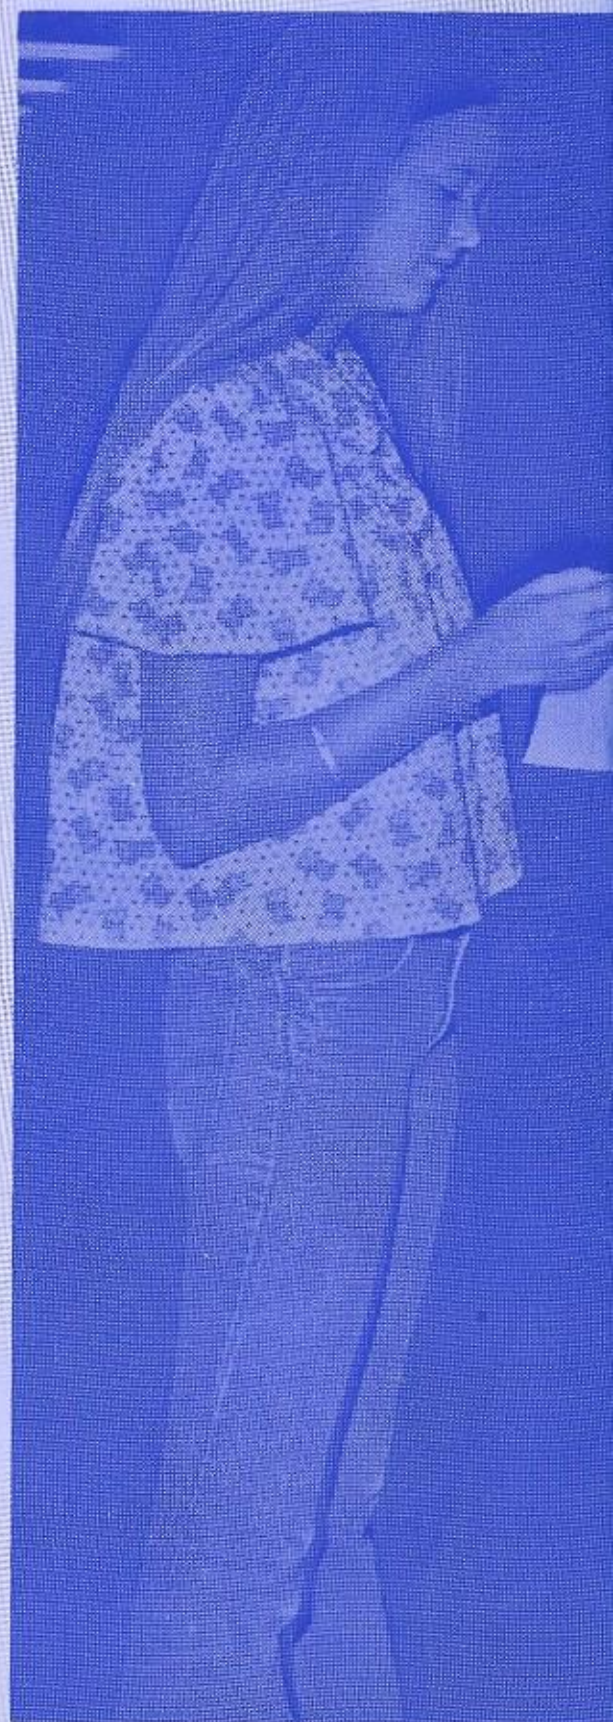

INVOLVEMENT

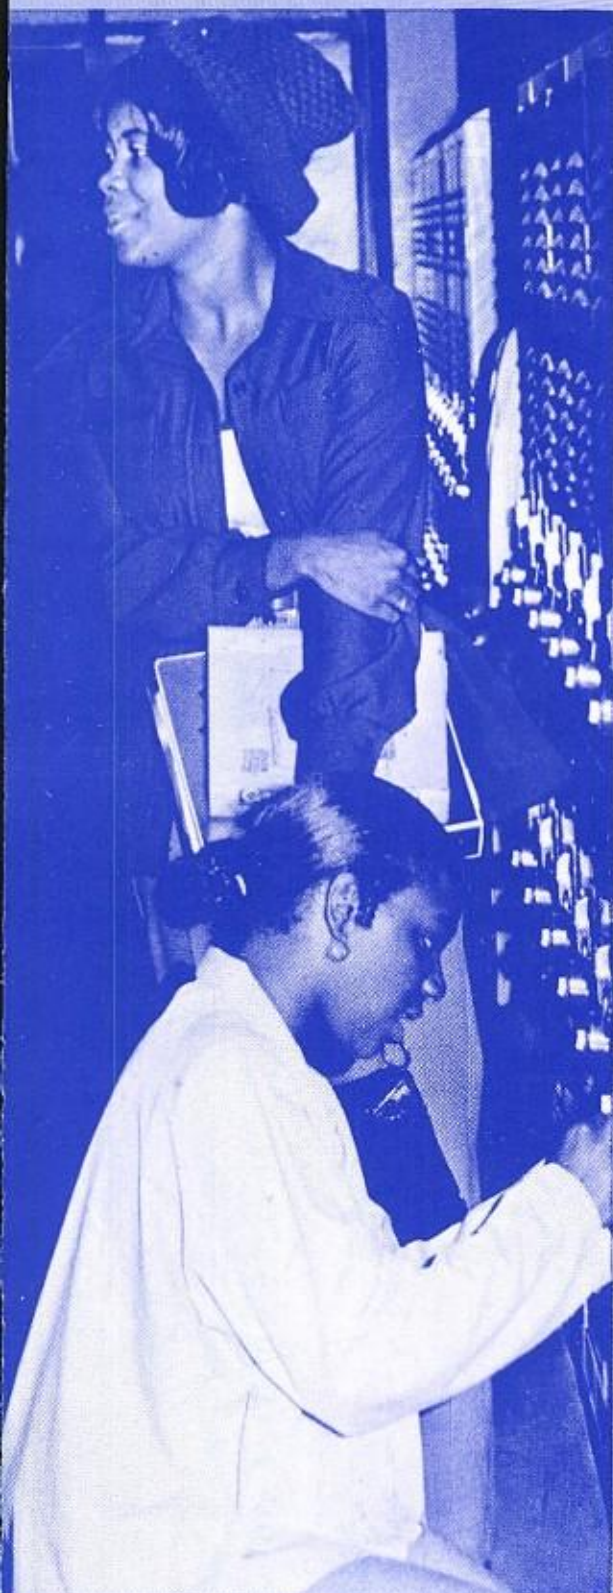

To PARTICIPATE . . .
and learn more about ourselves and
our needs as individuals

To use . . .
all of our God given talents in the
ways that would work best for us in
preparing for our future goals.

Top: Susan Harris checks merchandise at the booth at the annual East Texas Fair.

Bottom: David Lemmert seems to be having a problem getting on his donkey during the Donkey Basketball game.

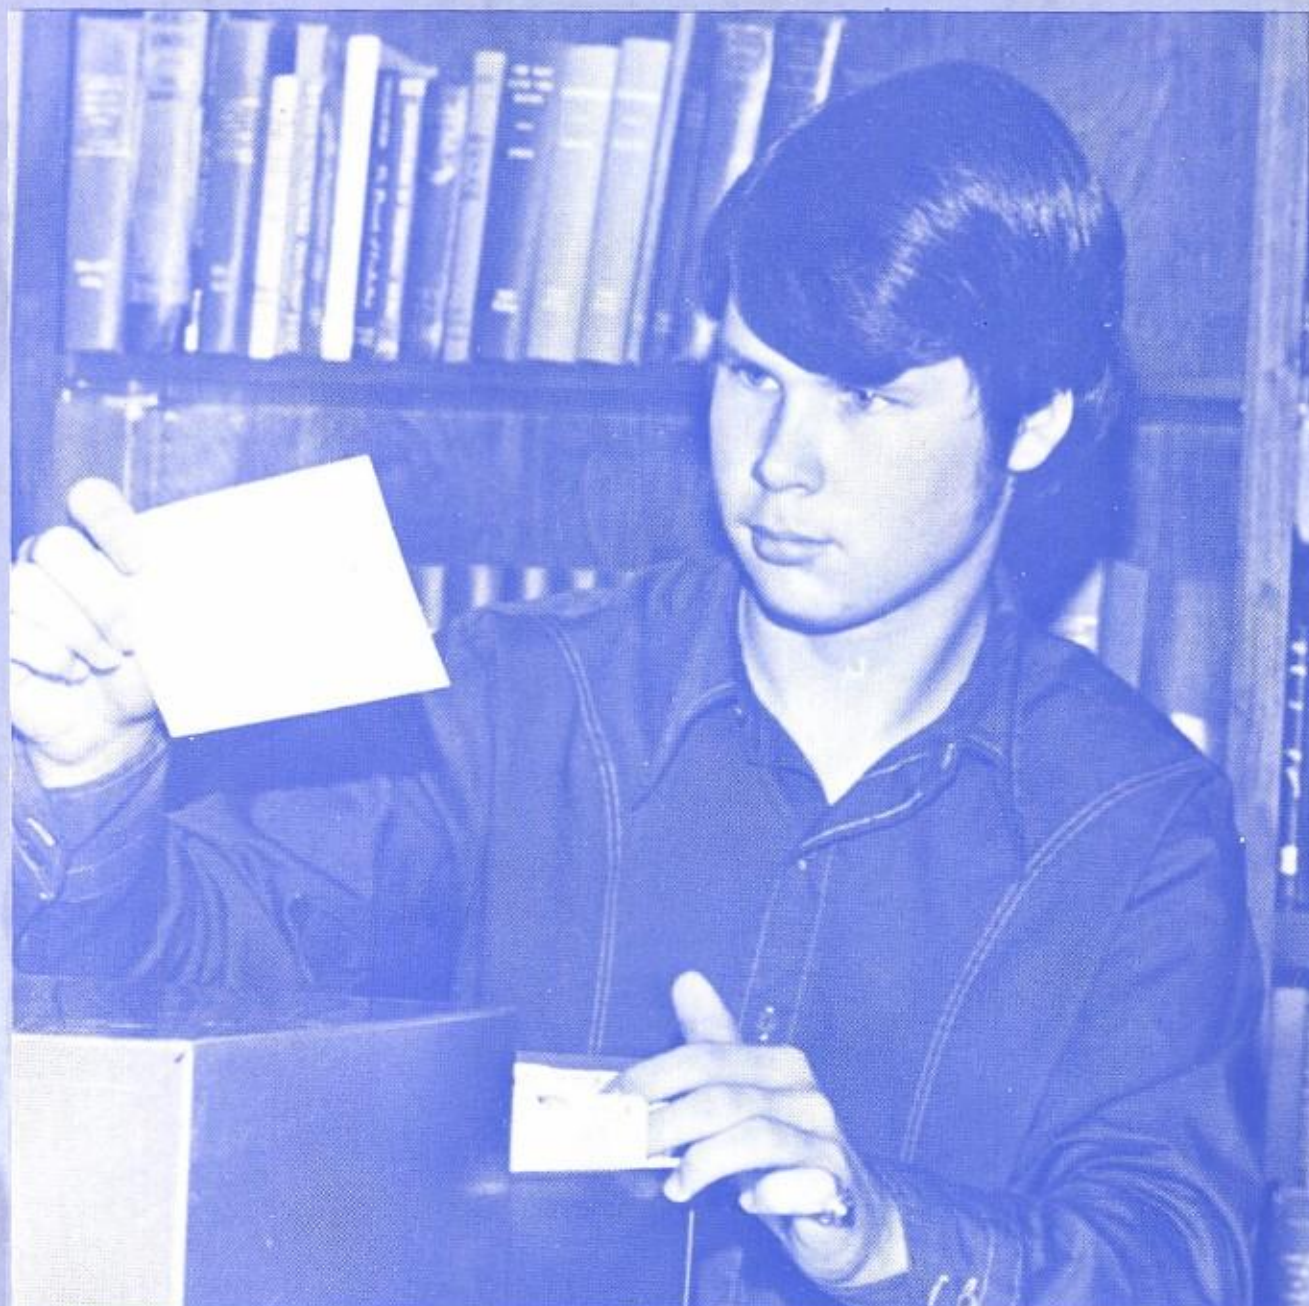

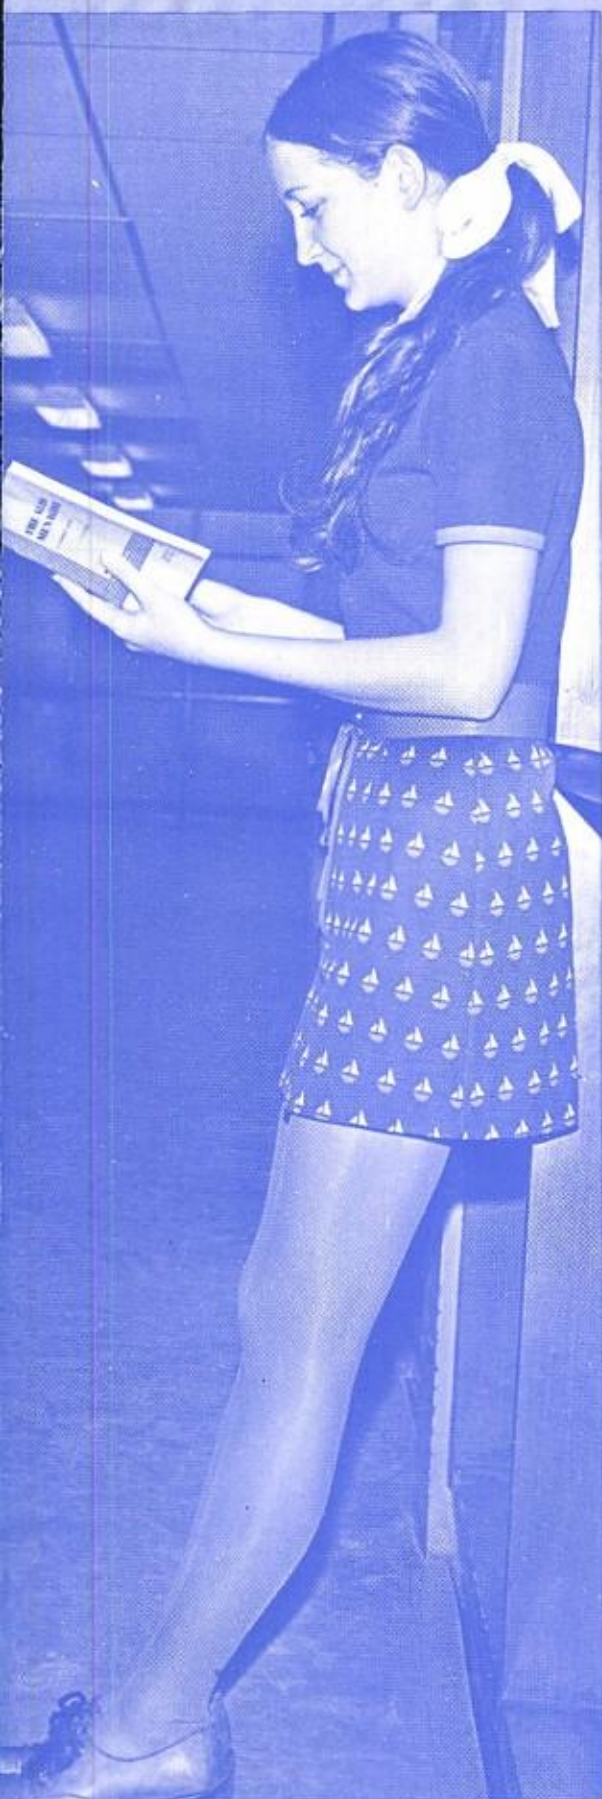

CONCENTRATION

To **STUDY** . . .
with the aim of broadening our
minds with what we have learned.

To understand . . .
the knowledge that we have
accumulated during our lifetime so
that it may benefit us in later
years.

Left: Susie Wasley ponders with the
decision of which brush to use.
Above: Otis Washington concentrates on
getting the ball through the basket at
the Lee game.

Left: Angela Jenkins studies her part in the play "Glass Menagerie."
Above: Scott McMurrian checks sources of information for debate.

PREPARATION

To PLAN . . .
a goal that requires time,
patience and understanding
as well as hard work.

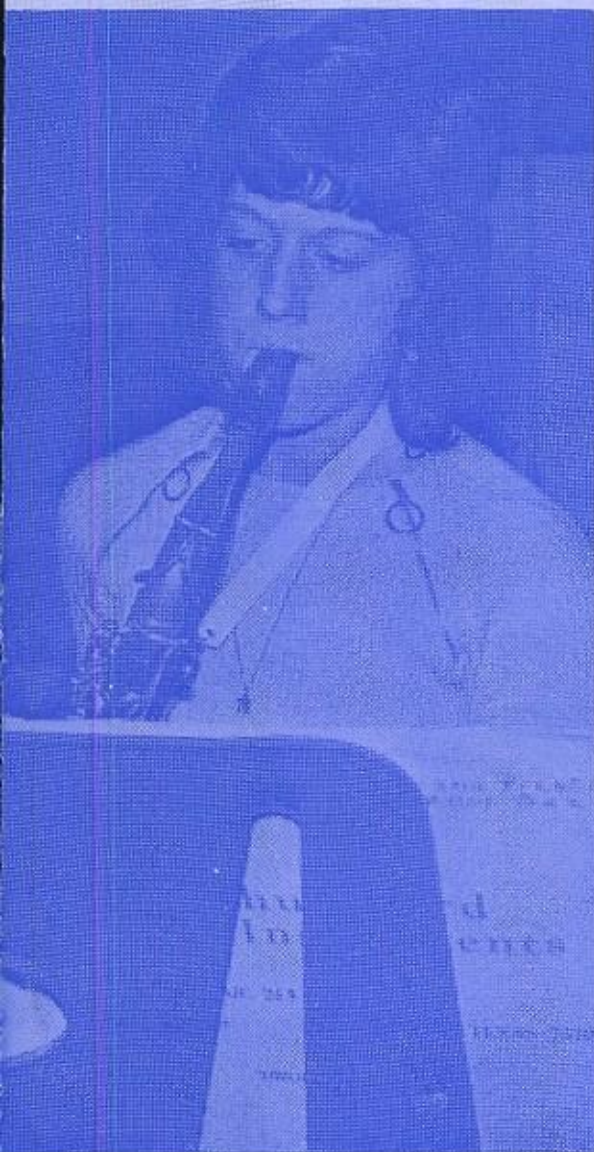

To achieve . . .
one of our many aims of
life with pride and dignity,
knowing that we as individuals
have accomplished something
whether it be great or small.

boxes at Penney's.*

ACHIEVEMENTS

Behind the scenes, we prepare ourselves to become better adults. Getting ready to touch that goal we always dreamed of, we learn everything we possibly can to expand our little minds, and to broaden the scopes of our small world. Learning, growing, and reaching is all a part of achieving the best there is.

A Principal's Work Is Never Done

John Tyler, the number one school, has a number one principal. Alvis Hanna spends long hours coordinating the administration of the school. Once a week he meets with the faculty to discuss such things as School Board policies and their interpretation.

Working out class schedules as well as keeping an accurate record of pupil attendance was an important job he oversaw. The organization, operation, and management of school buildings is also one of Mr. Hanna's tasks. Last year he was the mediator between John Tyler and the curriculum office in the setting up of such new courses as World Geography Studies, Humanities, and Cosmetology.

John Tyler did not escape the energy crisis. The paper shortage as well as the amount of energy expended by the lighting system became a matter of concern. However, all of these problems were overcome. In spite of his busy schedule he still found time to attend all of the 4-A State play-off games.

Alvis Hanna was as overjoyed as the students as the Lions won the 4-A State Championship in football. All in all the year proved busy and exciting.

Assistant Principals Lend A Helping Hand

The job of being assistant principal required many hours of hard work and a lot of patience and understanding. Mr. Alvin Anderson and Mr. Clifford Baker served as the assistant principals to the student body at John Tyler. Keeping students out of hallways, handling disciplinary actions, working with attendance records, and taking charge of distributing textbooks were just a few of the many tasks they were involved with. They also served as supervisors of the construction of the hard surfacing of the road and the building of the new parking facility.

People Who Are Concerned

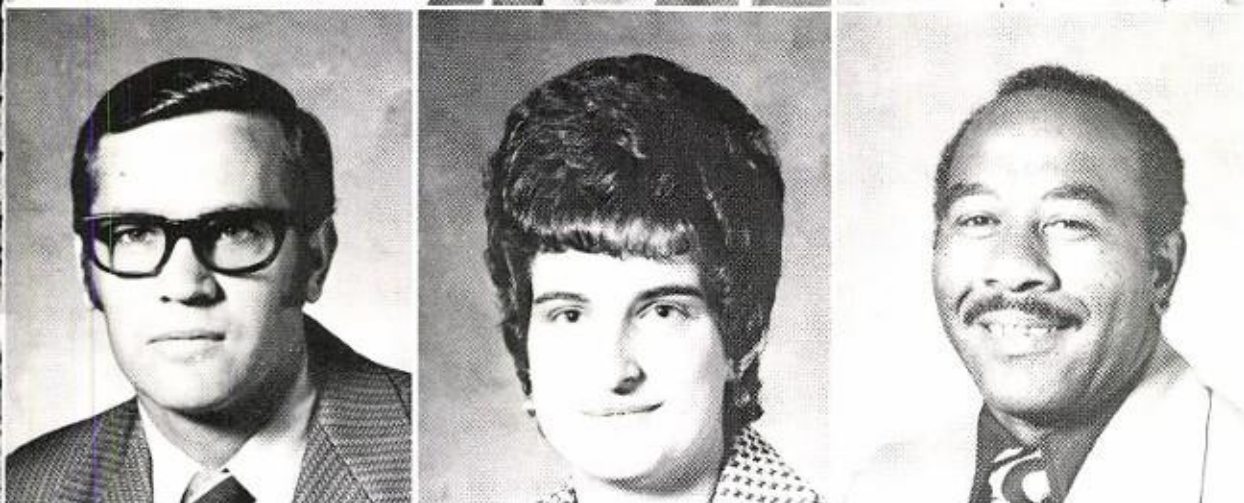

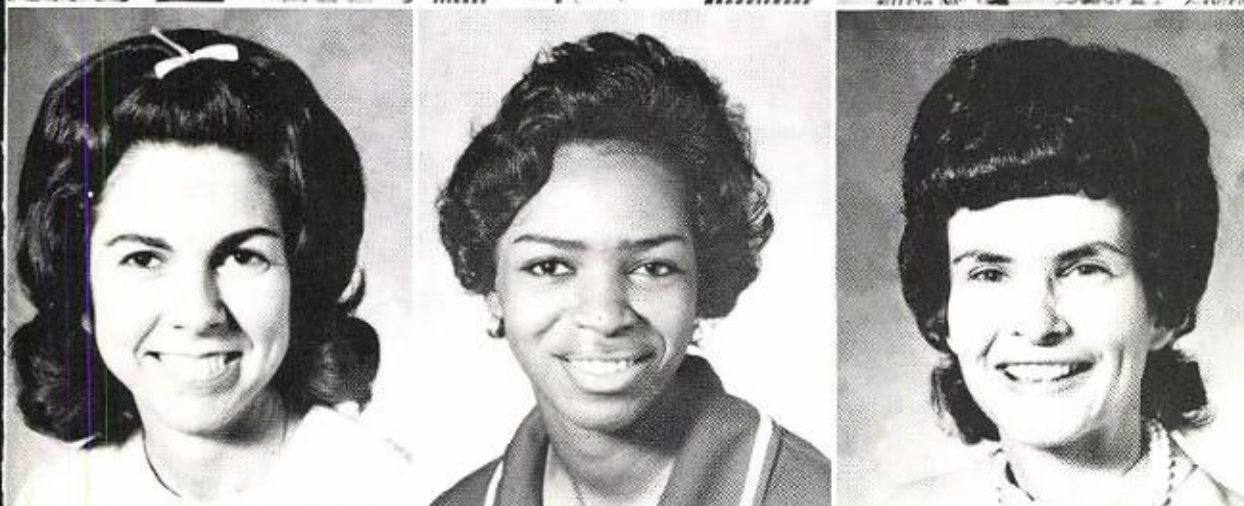

Improving the schools was the job of the seven member School Board of the Tyler Public Schools. One of the improvements made at John Tyler was the erection of the covered walk-way, by the student parking lot. Another improvement was the authorization for the building of a new Agricultural building. Along with making improvements, the Board carried on its regular job of hiring faculty, adopting new textbooks, and setting school policy.

Students Are Taught Business Procedures

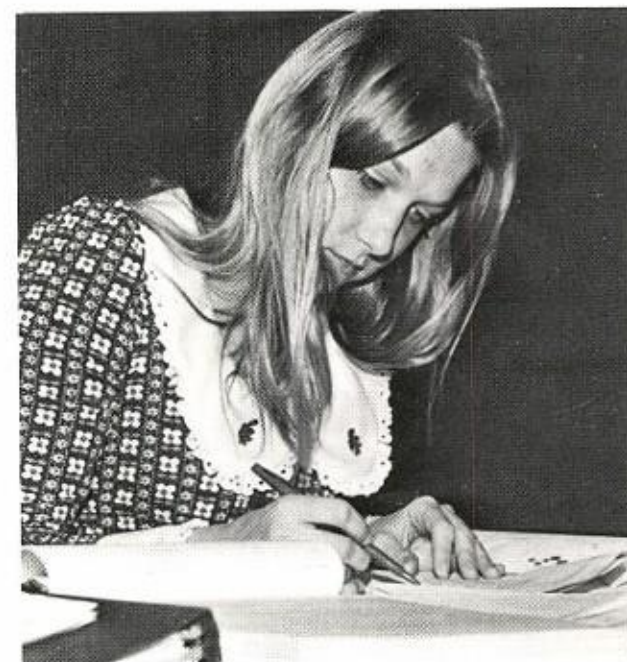

As the business world is made more dominant, classes such as bookkeeping, record keeping, typing, shorthand, and clerical practice, are always kept moving at a rapid pace.

Learning to handle financial reports, take dictation quickly, and learning to become a more efficient secretary are just a few of the procedures taught.

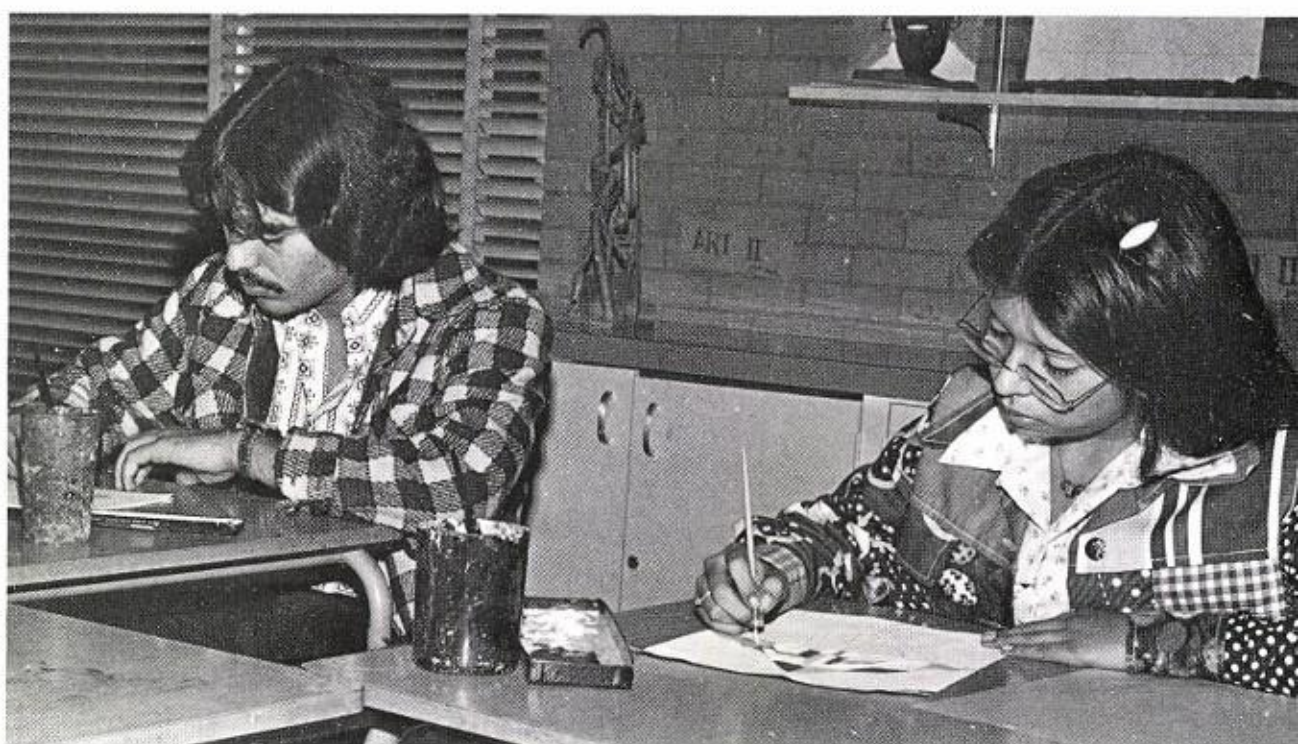

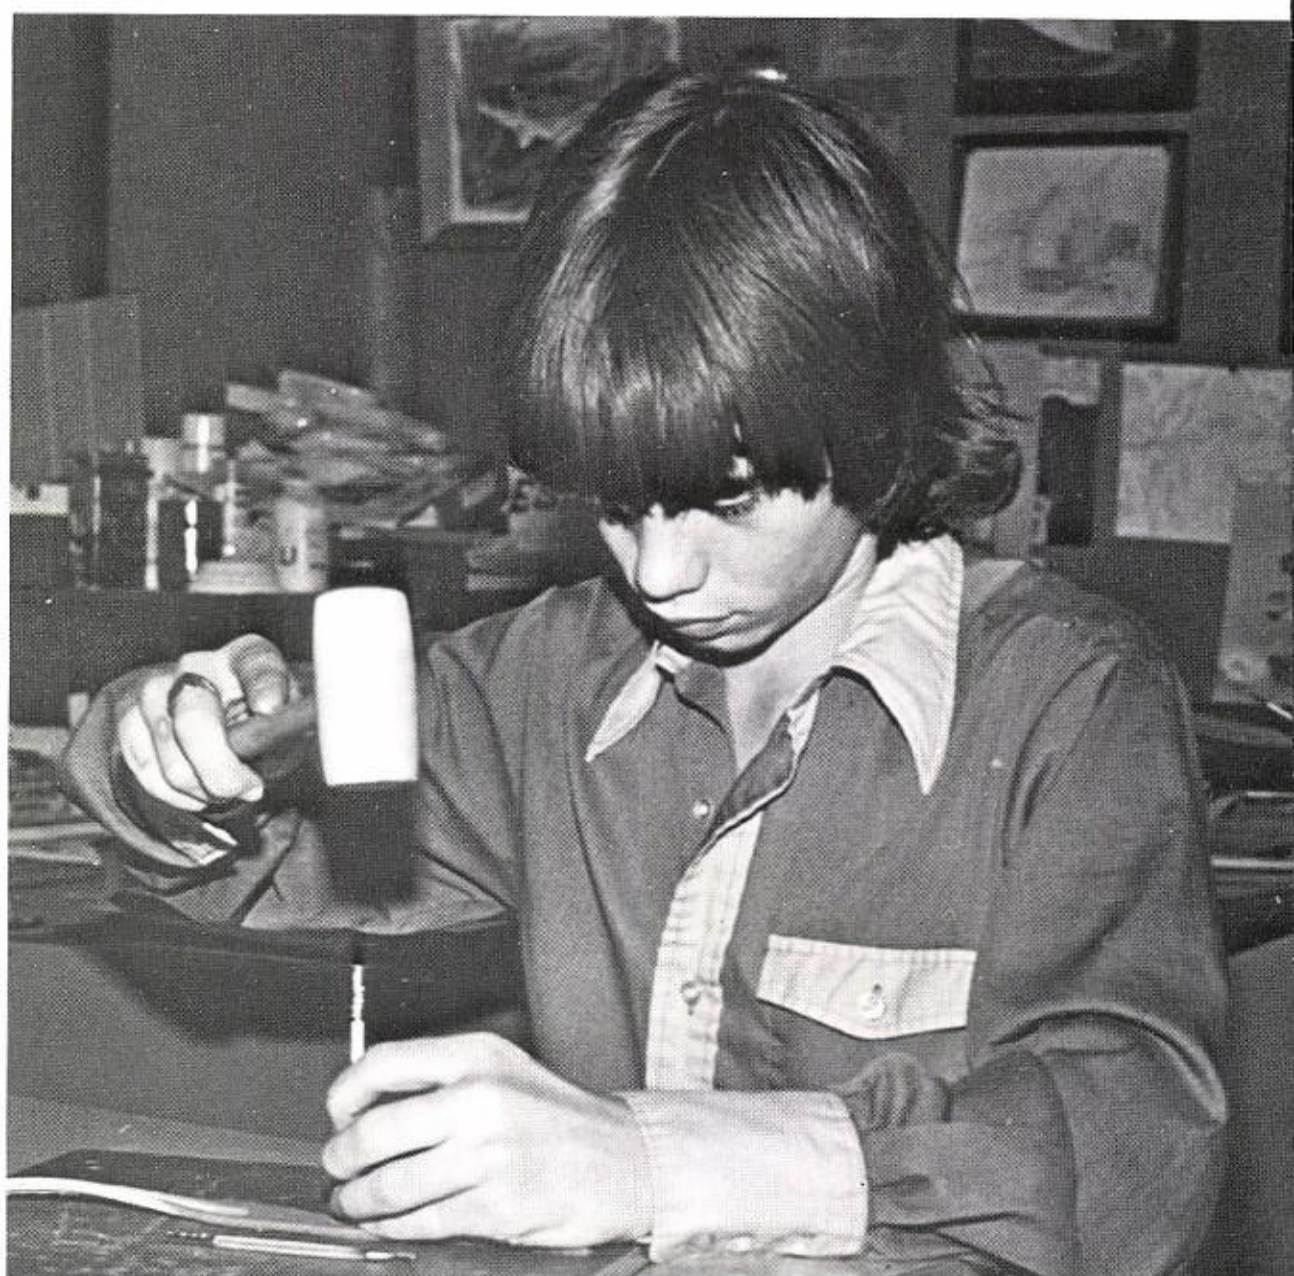

Business students are taught with semi-individualized instructions. They are taught the "how to's" in bank records, statements, charge accounts, and sales slips. All of these are taught to better the students understanding of business practices.

Art Students Express Themselves

Feeling, movement, and emotion were some of the qualities that John Tyler art students tried to capture in their work. These students were shown how to develop their own kind of style and the proper attitude toward art. The students were shown examples and methods of art with different medias such as pastels, acrylics, and watercolor, which are all designed to cultivate a more beautiful and meaningful work of art. Also this year there was a crafts department added to Art Department.

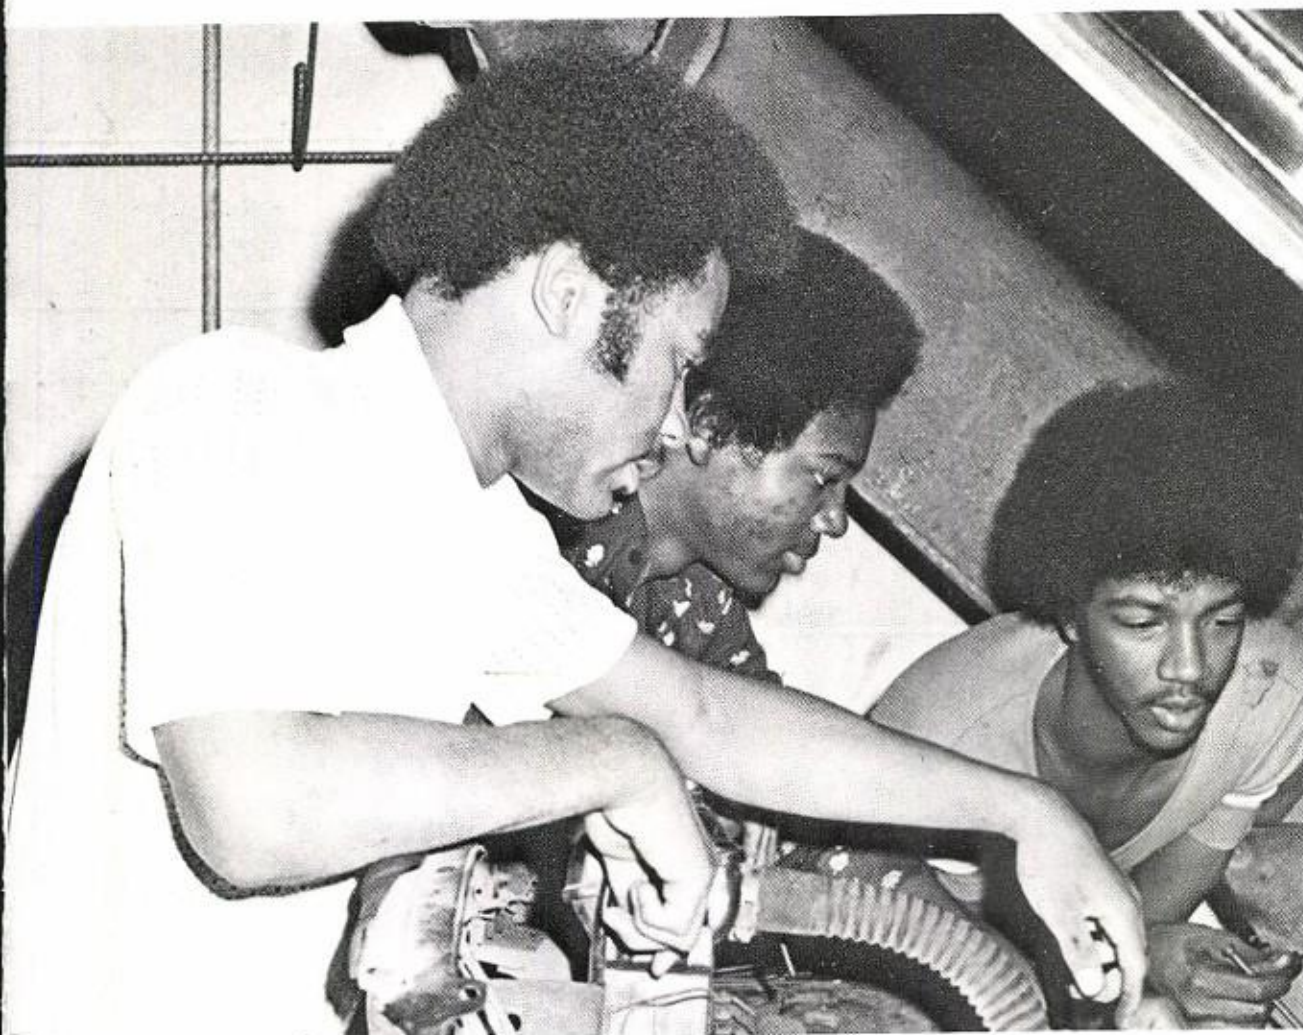

Top: Earl Ogle is stamping intricate and decorative designs on leather in the Arts and Crafts Department.

Above: Mark Gaddis and Anna Alfaro are showing their artistic talents by painting interesting designs.

Mechanics Keep Things Moving

Knowing how to repair an automobile takes time, determination, and skill. To stress the need for auto mechanics in our modern society, students this year were taught to build engines and transmissions, to diagnose problems correctly, bodywork, repainting, and some welding. Auto Mechanics was a two year course offered to both boys and girls. People have always been geared to the idea that men make good mechanics. This wasn't the situation at John Tyler. This year there were several girls enrolled in the Auto Mechanics course. These young women were just as active and involved as the young men. Whether male or female without auto mechanics we just couldn't keep things moving.

Vocational Office Education Offers Business Training

Bottom: Loyalann Hidalgo posts the books for East Texas Electronics.

Vocational Office Education offered many types of jobs, from banking to legal secretary. Clerk typist, medical secretary, and accounting were among the others. Before taking a job students learned to operate the ten-key adding machine, printing calculator, duplicating processes, and several other business machines.

The V.O.E. teacher visited the students on the job at least once a month and the students turned in an individual job report once a week. The V.O.E. teacher was Mrs. Sue Bell.

Foreign Languages Give Insight Into Culture

Studying foreign languages gives a student insight into the culture of the language, and a foundation for English. The four languages taught this year were French, German, Latin, and Spanish.

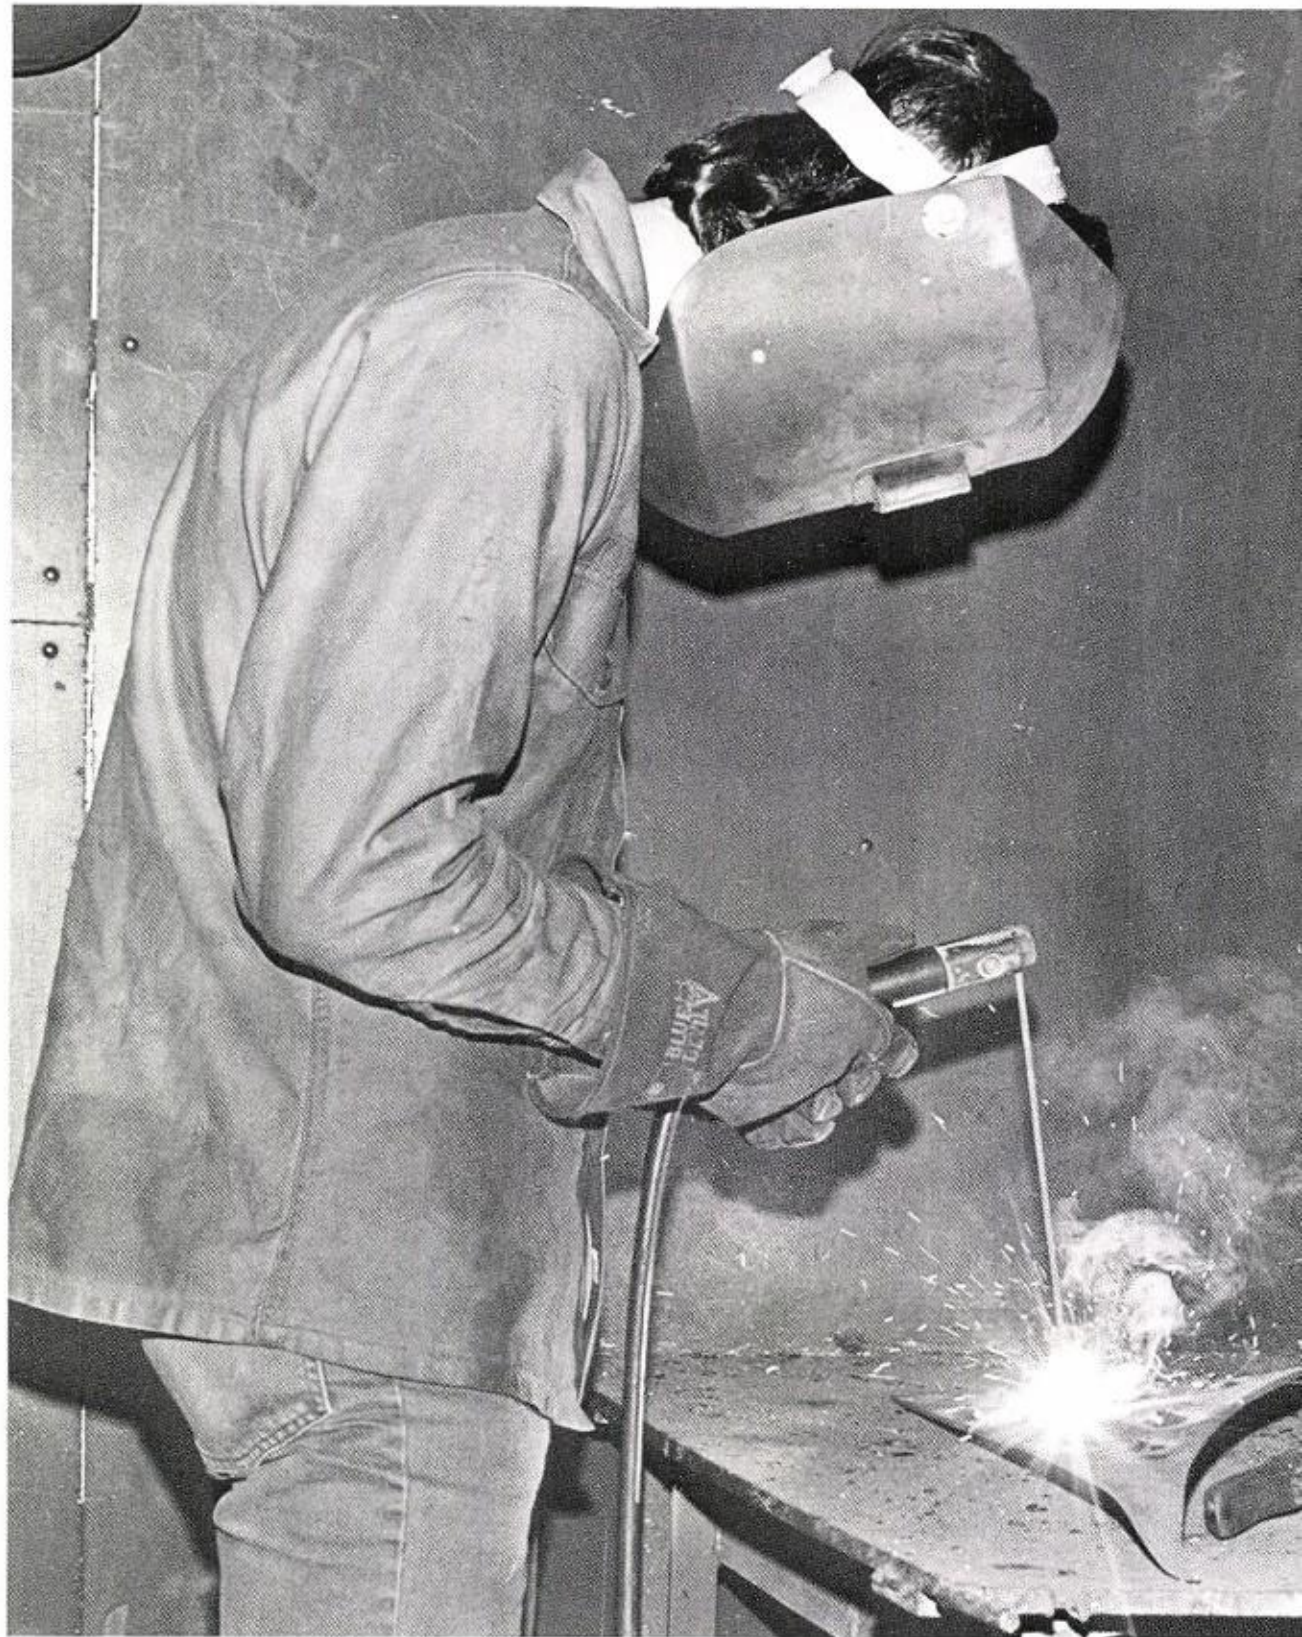

Students learn to speak, write, and to understand the cultural aspects of the country in the first year of foreign language. The second year involves the more complicated forms of grammar.

Above Left: Jana Polley diligently studies for a German test.

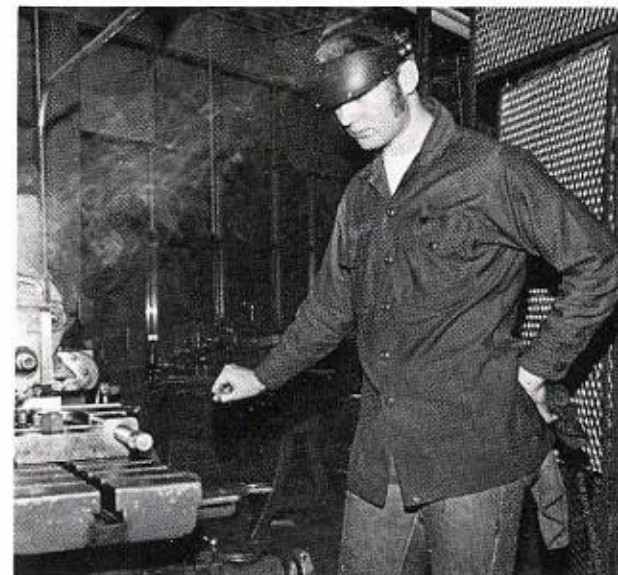

Left: Diane Gipson, Jerri Alston, and Angela Russell look over material that will be used at the Language Festival.

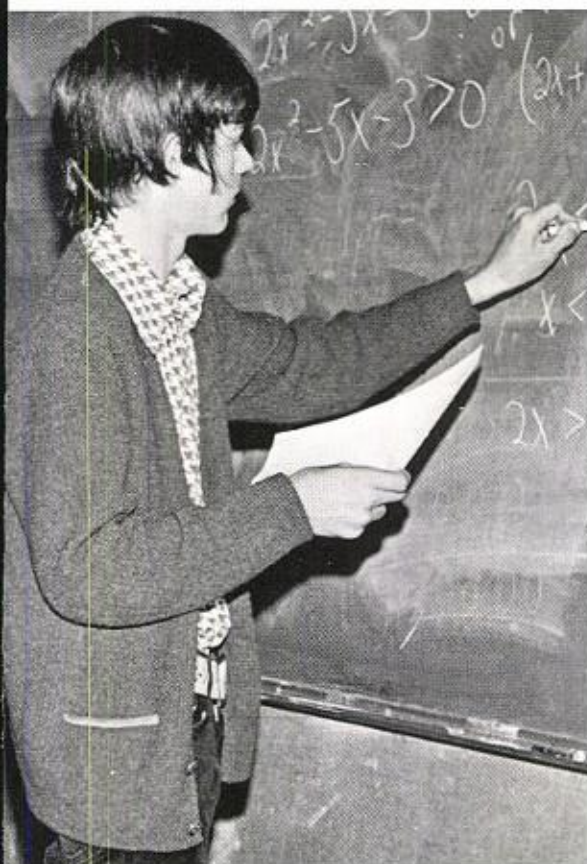

Profitable Skills Learned

Being a machinist is a demanding but rewarding job. Metal Trades—students aquired a job skill that would profit them greatly in the future. These young men put forth the effort to make for themselves a career that would lend others their aid and give themselves the satisfaction of building things using metal. This year some of the techniques learned were blueprint reading, and shop mathematics. All students were taught the Do's and Don'ts in the shop and safety rules in using the equipment. They were also taught to have pride and accuracy in their work. The instructor always tried to prepare the student for a profitable employment. The Metal Trade's instructor this year was Mr. Larry Brown.

Above: Michael Layne is shown welding a piece of metal in shop.
Right: David Rains carefully operates a shaper.

Math Builds Educations

Math is the science treating of the exact relations existing between quantities or magnitudes and operations, and of the methods by which in accordance with these relations, quantities sought are deducible from others known or supposed. Though math students this year did not describe it in such elaborate terms, math played an important part in their educations.

From The Neck Up And The Wrist Out

Eyeta bbing, low dry cuts, facials, and manicures were some of the techniques learned in cosmetology. Cosmetology was a two year course offered at John Tyler. The students could attend school either in the morning or afternoon. Cosmetology students had to put in one thousand hours of training and work before they qualified for their license. Other skills aquired this year were lash and brow tinting, Shampooing, hair lightening, bleaching, frosting, haircuts, in fact everything from the neck up and the wrist out.

Top: Ken Jones is finishing the last part of his math equation.

Students Work In Health Oriented Occupations

Health Occupations is more than just learning first aid. Students worked in nursing homes where they distributed medication, made beds, and prepared meals. Others were employed by local dentists to sterilize instruments, make appointments, and help with patients.

Students employed in the Tyler area went to school during the morning then went to work. Mrs. Jean Beachum sponsored the Health Occupations class last year.

Students Keyed In On New Ideas

Environmental technology was a course which offered students taking it a new realm into the world of plumbing and air-conditioning. This year's students were keyed in on new ideas, techniques, and opinions in the course. Learning to service and repair heating and cooling units, knowing which pipe to replace and how to make a lead and okum joint were just some of the skills that the students acquired. Environmental technology not only trained the students for commercial industries but also trained them for individual and self-supported industries.

Left: Gary Diggins and Rickey Gipson are checking out a club project for the District contest.

Physical Education Strives For Better Physical Improvement

Learning basic fundamentals, safety, competing and better ones physical disposition were the main goals of physical education. While trying to reach the goal of safety, the sports department held an orientation before each sport was played. Competition was achieved through basketball, volleyball, softball, and relays.

Rope-skipping, tumbling, folk dancing, dancing, track and weight lifting were a few of the activities which improved the student's physical disposition. Mrs. Emma Barrett, Mr. Emory Bowens, and Mrs. Mary Lou Manson taught physical education.

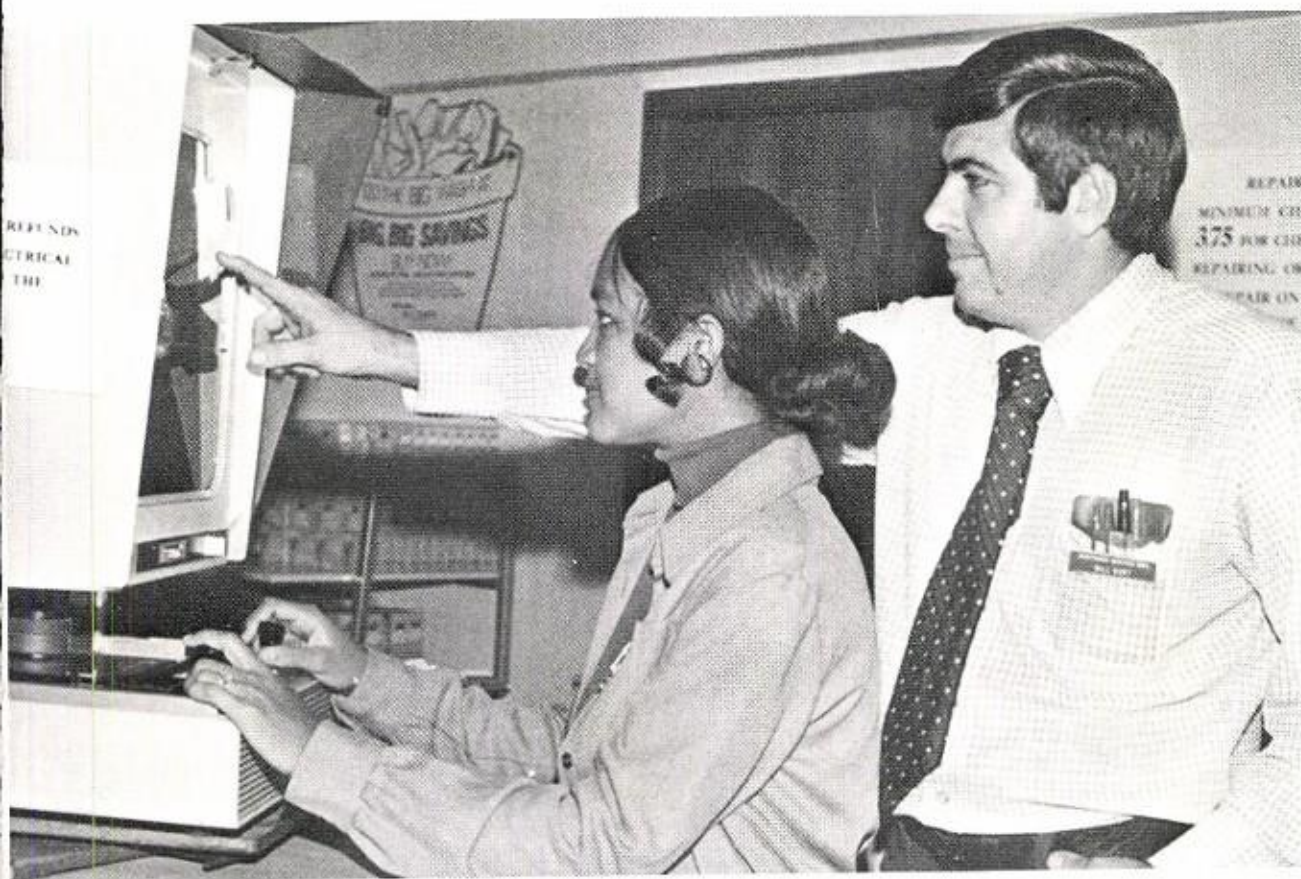

Left: Jerrie Alston and Diane Staples perform Varsouvienne or Put Your Little Foot, a folk dance, in girls physical education.

Students Learn From Experience

Distributive Education was a course which enabled Junior and Senior students to go to school and have a part-time job. D.E. students learned by experiencing the everyday duties and responsibilities that face those who are involved in market and merchandise industries. D.E. also helped to build the student's stamina and self-reliance. Students worked hard to earn the two credits given by the course and learned by experience how to make it on their own.

Scripts Do Not Make A Play

Acting out a play was not the easiest thing to do as drama students soon found out. Of course the necessities were there to produce the play; like lights, cameras, and a story. The students had to work with other things pertaining to acting such as pantomime, the reading of poems, voice study and dramatization.

Drama teacher, Mrs. Helen Jack was always there to work with each individual on these certain points. Behind the scenes students learned how to pick costumes, apply make-up, and build props. The students displayed their talent in the plays "Oklahoma" and "The Glass Menagerie."

Speech-Debate Teaches Students Quick Thinking

Below: Eddie Hobbs demonstrates timing a debator while Denise Dowell tells Debra Jackson what references to check.

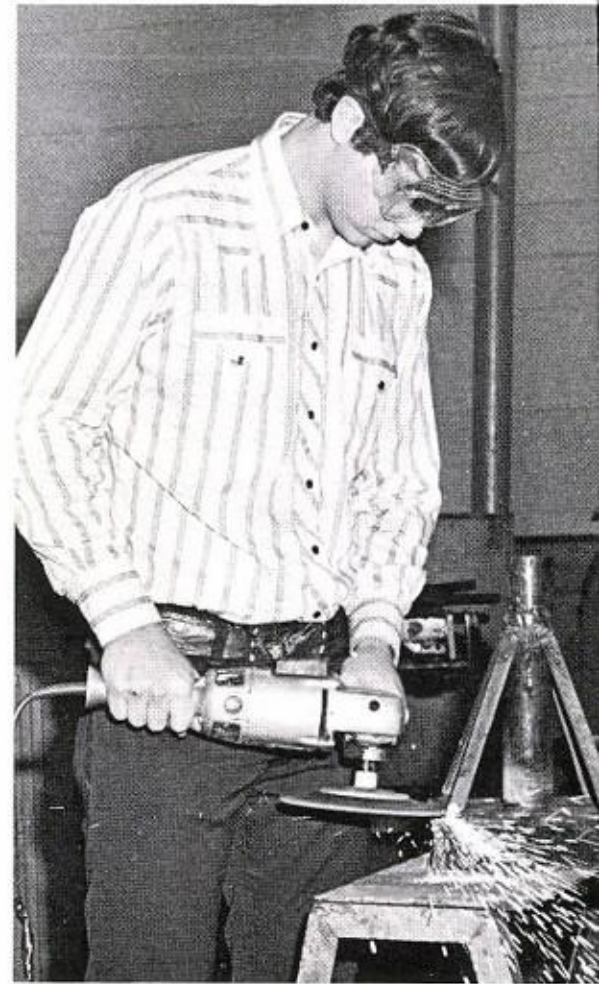

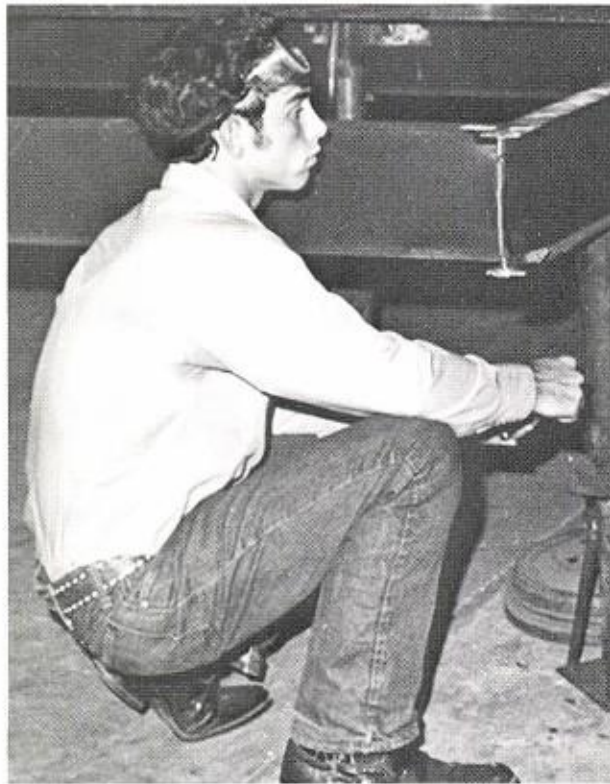

Bottom: Joe Smith, Bill Coates, and James Hill wait while Tommy Lee gives his speech. Debbie Gordon, April Jackson, Pam Sokoloski, and Debra Lee check references.

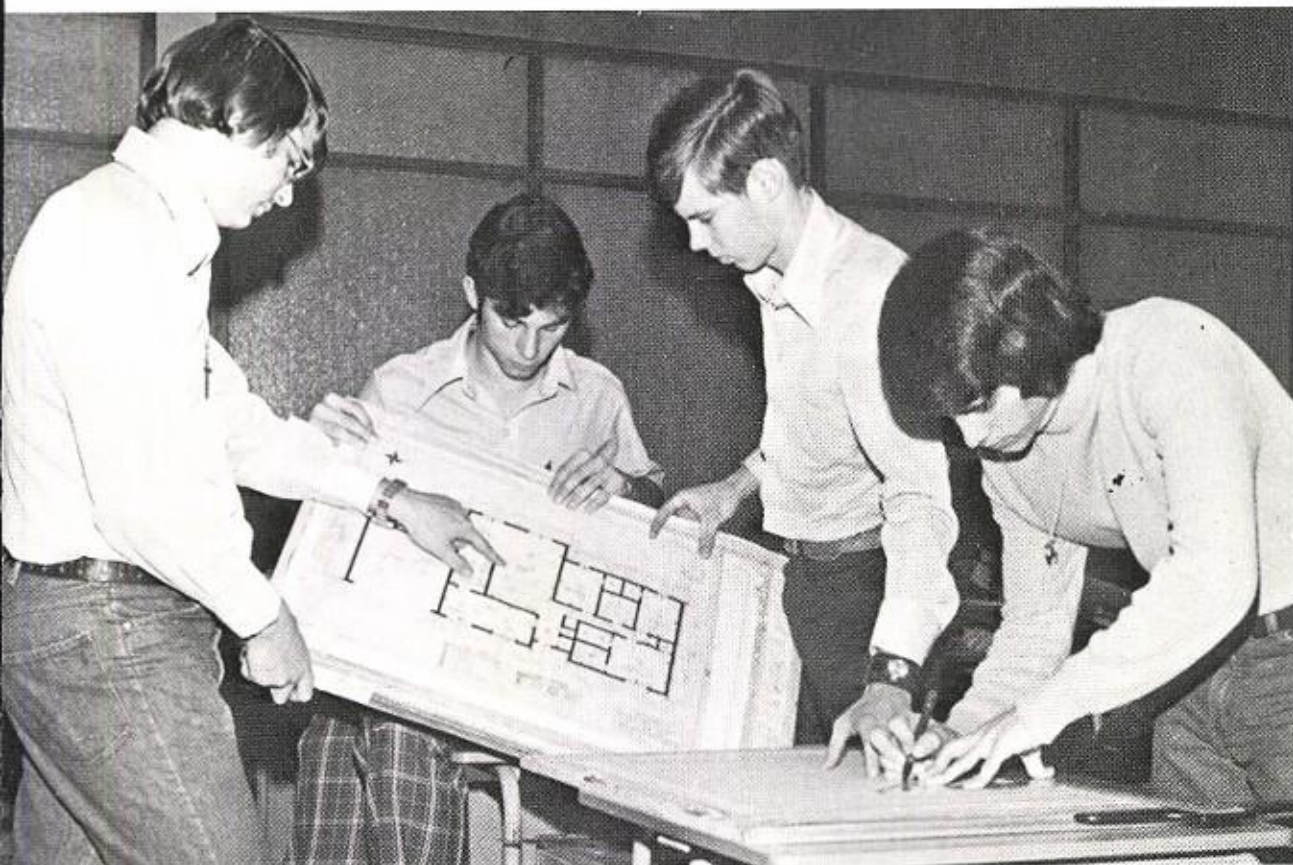

Correct usage of words, how to overcome stage-fright, and the different types of speeches were a few of the subjects studied in Speech-Debate last year. Debating was not the only thing done by students on the team. Students learned to time a debator and check references on debate reference cards. Speech-Debate taught a student to think quickly and to accept other's points of view. Mr. Edward Burkhalter taught Speech-Debate.

Industrial Arts Offers Many Opportunities

Courses offered this year through Industrial Arts were drafting, shop, and electronics. In drafting, the students were taught how to draw house plans. Of all the house plans drawn, the Building Trades Class chose one to construct. The drafting class redrew the house making the necessary changes suggested by the Building Trades class, then distributed copies of the blueprints to the professional engineers and students who will be building the house.

A model home trailer was purchased by the shop class at the beginning of the year. They cut it into three parts making two goose neck trailers, and one utility trailer. To do this they had to cut new axils, make new hitches, and reinforce them. Along with building the trailer students had an individual project.

The electronics classes learned radio construction and circuit-wiring.

Below: Susan Forson and Debbie Baxter receive ad assignments from Kathy Bankhead, co-editor.

Selling ads, getting a staff together, and choosing headlines were just a few of the many things that journalism students had to face. The Journalism Department published a school newspaper that served as a helpful and informative source of news last year. Along with puzzles, write-ups, and cartoons, the paper also had numerous pictures and articles about points of interest that occurred at John Tyler. Long planning, staying after school and consistent labor helped to make the newspaper meet expected standards.

Right: Kay Maxfield, page editor, and Rickey Brock pick out headlines for the Lion's Tale.

Changes Occur In English

Many changes occurred in the English Department this year. Grammar, sentence structure, and theme writing were not the only topics of discussion. Acting out plays and novels were some of the projects undertaken by the students in the Senior English classes. Well known titles were "I, Robot," "Macbeth," and "Antigone."

In the junior classes such stories as "When The Legends Die," "Farewell To Arms," and "The Scarlet Letter" were read. Sophomore students were involved with reading "Romeo and Juliet," "Wuthering Heights," and "A Separate Peace."

Basics Learned In Homemaking

Sewing, cooking, learning to plan a menu, and knowing the nutritional values of food were some of the skills homemaking students developed this year. Homemaking was offered to Sophomores, Juniors, and Seniors. The students, all who wanted to gain a better understanding and skill in homemaking, eagerly learned what must and must not be done in the home. Safety rules and basic home principles along with decorating and furnishing a home played an important part in the course.

Students Learn Responsibility

Home Economics Cooperative Education was an on-the-job training program for high school students who were interested in home economics related occupations. It consisted of the student attending classes part of the day and then employed in a home economics related program for a minimum of fifteen hours and a maximum of twenty-five hours each week. The course gave the students a feeling of satisfaction and responsibility and taught them how to better themselves for their future careers.

Carolyn, thank goodness that our friendship is so close that we will still see each other for a long time. That time of year has come that we must leave hi! school for good. We have had some really great times in school since Jr. Hi! We have grown up a lot in many ways. For you & Paul, my best wishes to you both. May God always lead you on the right pathway for life's living. Good luck! Brenda - N-D.

Frogs And Worms "Take Apart" In Science

Dissecting frogs, worms, and pigs and taking part in the microscopic viewing of one celled animals were just many of the activities that science students were involved in this year. However, new ideas and equipment gave the students something more to look forward to. Ionization and the basic concepts of organic chemistry were just two of the subjects covered by the chemistry classes. Physics classes were involved in the study of waves and the effect prisms on light.

New Parties Introduced In Convention

The simulated Presidential elections in government classes had new political parties this year. The Freedom and Liberty parties were introduced to replace the old Democratic and Republican parties. Besides the common topics—the world wars, Civil War, Jazz and industrial eras—modern issues such as the energy crisis and Watergate were discussed. Students also enjoyed playing The Farming Game, Jeopardy, and other games to learn and review events in history. In addition, the American History students had a one week unit on drug and alcohol abuse.

ICT Students Work With Public

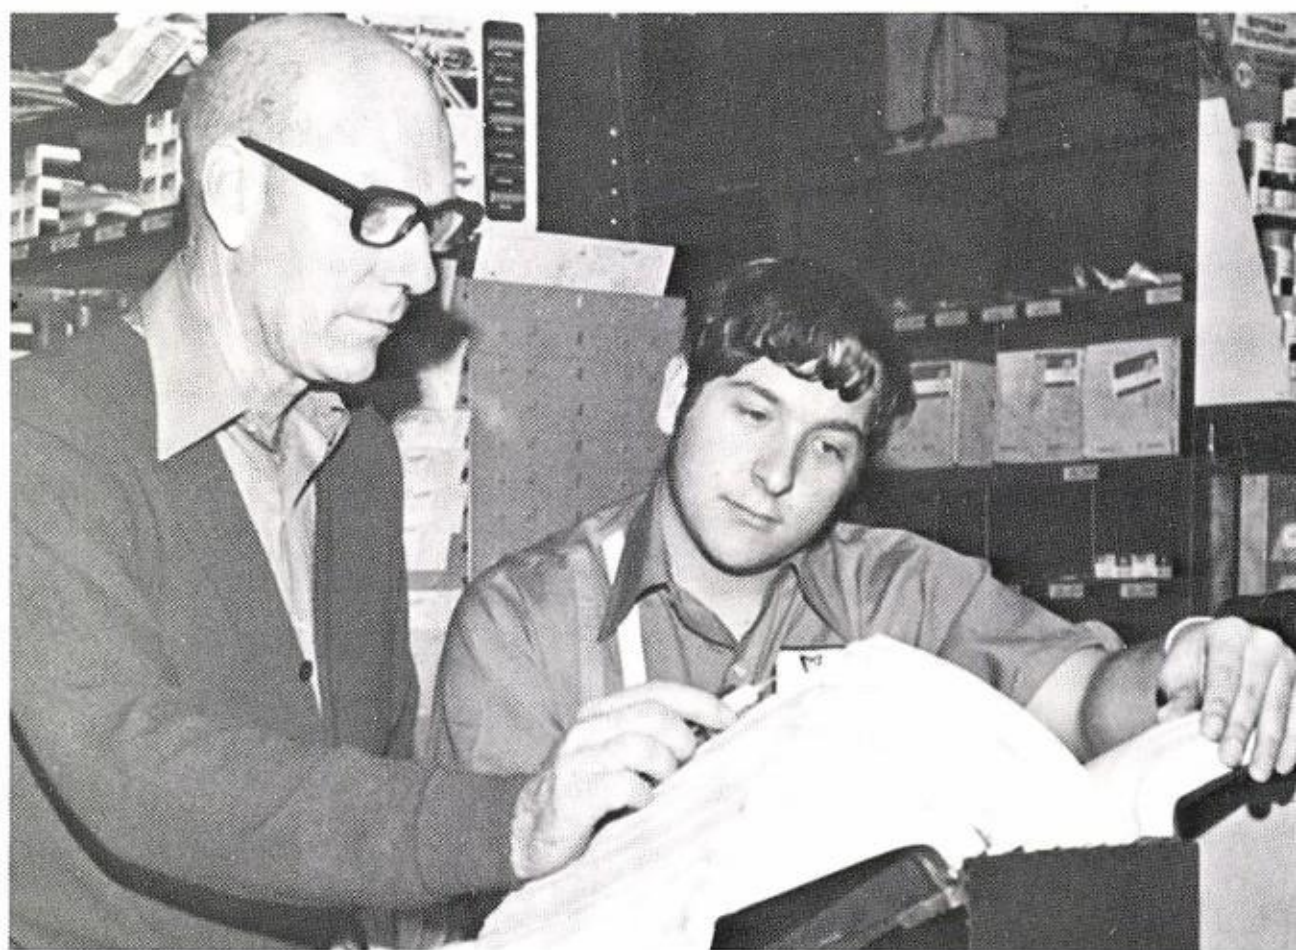

Through the cooperation of Tyler businesses and John Tyler's Industrial Cooperative Training, students learned responsibility and to work with the public. Students held jobs at such places as Sunbeam Bakery, Oge Oldsmobile, Paint and Body Shop, Courtesy Pontiac, and at various other businesses. R. B. Pruitt sponsored Industrial Cooperative Training.

Group Involvement Stressed

Group involvement while in school and a career in agriculture after graduation were a few of the advantages agriculture students had. Learning how to operate farm equipment, improve livestock and poultry, and to conserve land were just some of the many things taught in Vocational Agriculture.

Students participated in the East Texas Fair, Dallas Fair and various livestock and forestry judging contests. The three year course is taught by Mr. Tommy Williams and Mr. A. D. Winston.

Music Provides Wide Scope of Interest

Whether it be by trumpet, clarinet, piano, or voice, music is a language that the ears of the world can easily understand. As long as there are people to listen, the joyous sounds of voices raised in beautiful harmony, and instruments, of a symphonic band in tune with great musical masters form a universal type of communication that draws people closer together.

The music curriculum at John Tyler provides a wide scope of interest for students who wish to pursue a career in music, or just broaden their musical abilities for their own personal use.

JOHN TYLER LIONS

ACTIVITIES

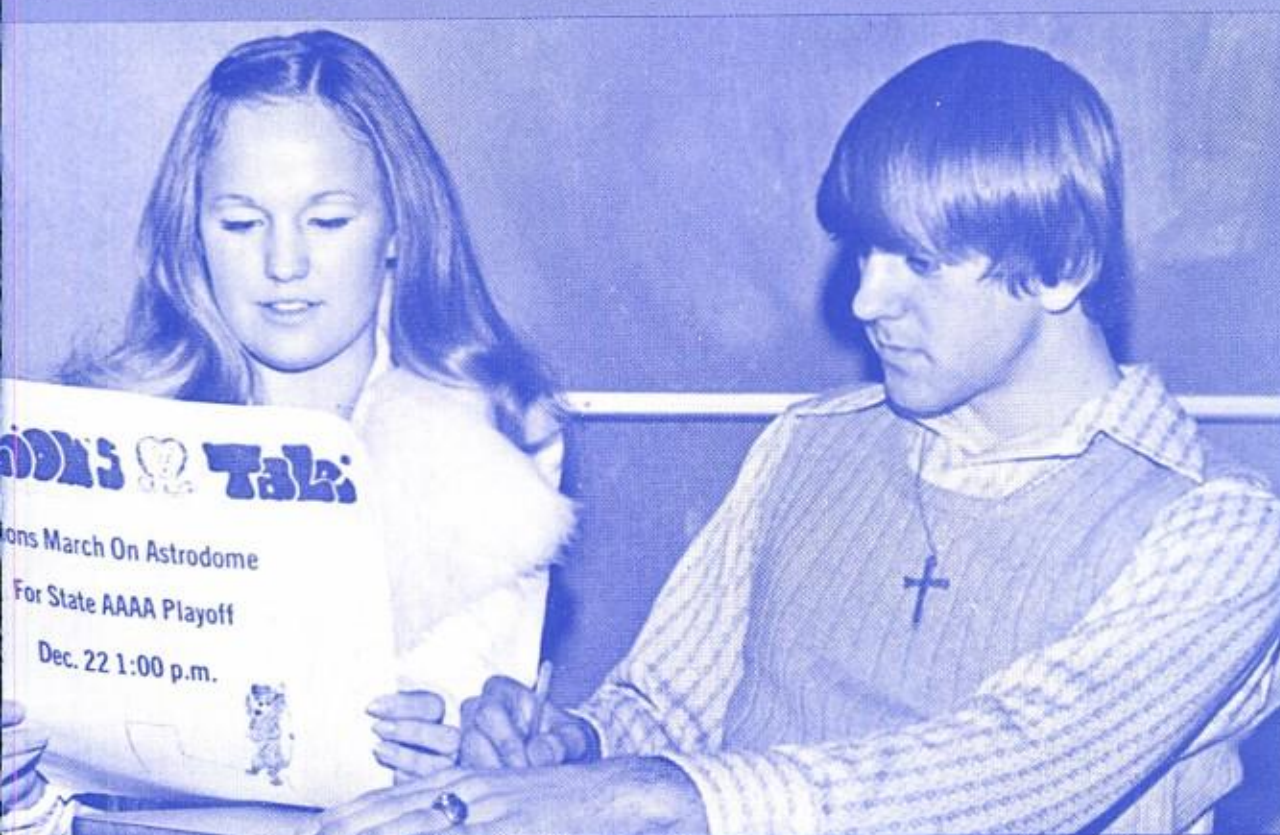

Many activities were offered to the students at John Tyler this year.

Being involved in all phases of school life helped the individual in more ways than one. Finding hidden talents, developing skills that will always be of help to the individual, competing against others wanting the same rewards but knowing that only one can possibly achieve it, and gaining knowledge of the world around us were just a few of the many advantages of being involved and of being a participant in the clubs and organizations of John Tyler.

Band Attends Parade Of Champions

"Forward one, two, ready march!" was not an uncommon sound that came from the band's practice field at 7:45 every morning during marching season. Throughout the year, the band attended numerous contests that included the University Interscholastic League Solo and Ensemble, Marching, and Playing Contests; the Rose Parade competition where they won the trophy for the Most Outstanding AAAA Band for its third straight year. In addition, the music squad attended the Parade of Champions in Dallas and placed fifth among twelve AAAA bands. The director was Mr. James Williams.

While they served throughout the year as dedicated band students, the Marching Lion Majorettes entertained audiences at home as well as over the state. The twirlers attended camps at Southern Methodist University, at Oklahoma State University, and one held at John Tyler last August. The teacher and choreographer was Mrs. Ramona Helm. The band officers have a sum total of 170 medals and 85 trophies. They performed to music such as "Something For Cat" at the Parade of Champions, and "Black Magic Woman" at the John Tyler-Robert E. Lee football game in November.

Concert Season Features The 'Sounds Of Spring'

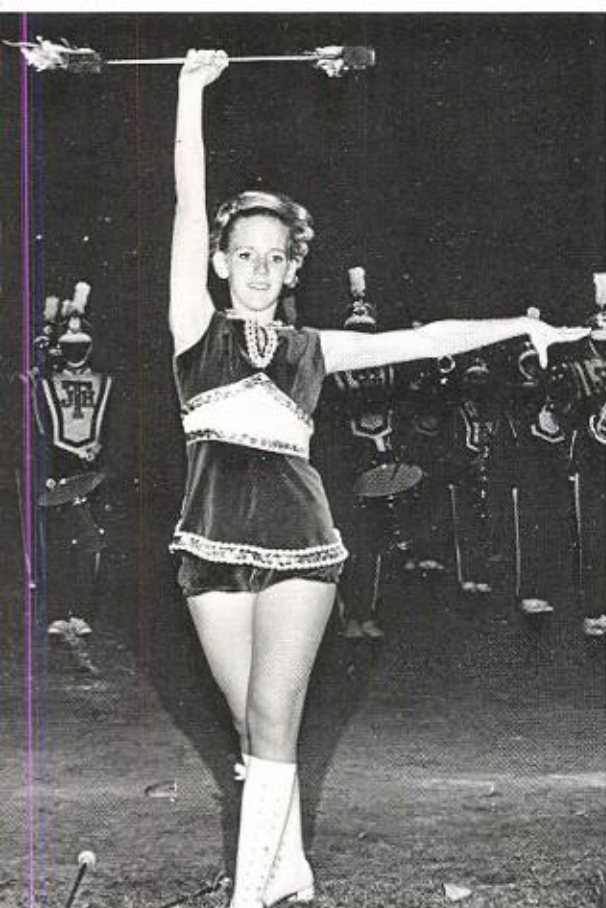

Referred to as a "School Showcase" by Mr. James Williams, the concert band entertained at various locations, some of which included the four area Junior Highs. The annual "Sounds of Spring" concert was given along with the "Spring Festival" at the end of the year with the A Capella and Pro Musica Choirs.

Soloists Are Keynote Of Stage Band

This year, the Stage Band was made up of 28 members. They entertained audiences at the area Junior Highs, Soc Hops, pep rallies, and at the East Texas Fair. Many soloists were featured on trumpet, trombone, saxophone, and drums. The jazz squad with their sponsor and director, Mr. James Williams, competed in contests such as those at Stephen F. Austin, Brownwood, Lubbock, and at North Texas State University.

Clubs Featured In Rose Parade

Beautiful weather characterized the Rose Parade in October, and John Tyler was well represented by many organizations. The Brigadettes were distinguished by sharp hand routines to marches such as "Battle Royal," "Eagle Squadron," and "Battle Hymn of the Republic." Also featured were the Sophomore Blue Brigade, Lion Guards, Band, Cheerleaders, and VICA. The organizations were headed by a new banner donated by the Booster Club. For their third straight year, the Band won the trophy for the Most Outstanding 14-AAAA Band present at the Rose Parade.

Brigadettes Receive Outstanding Award

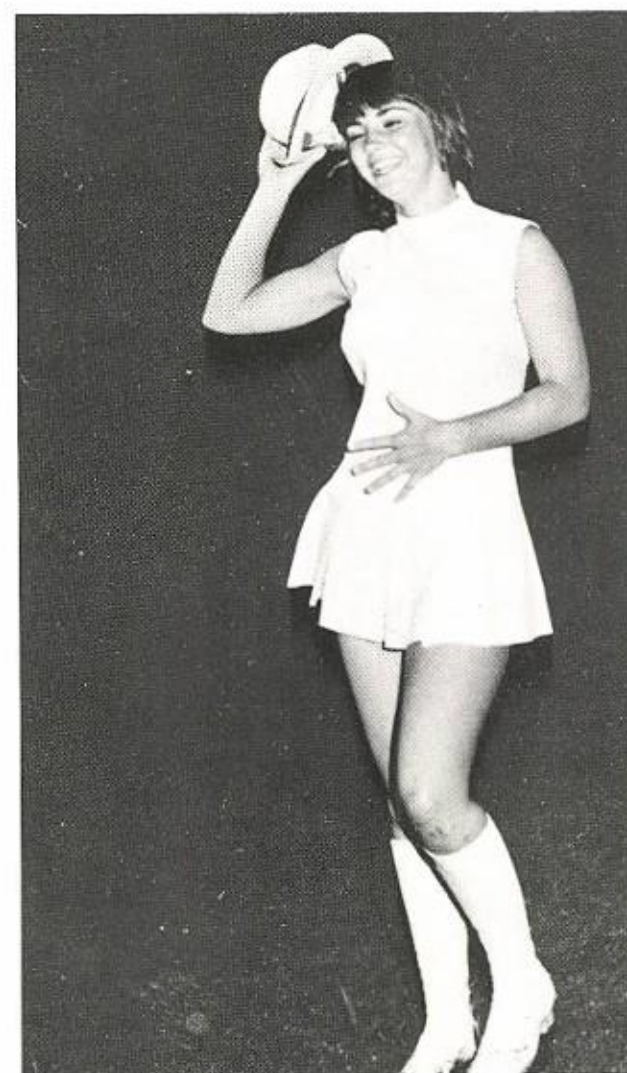

Making props, performing at football and basketball games, participating in fund-raising projects, and attending various contests were many of the activities that the Brigadettes were involved in this year. They also attended Sam Houston State University where they received the "Outstanding Drill Team Award." "Brigadettes" was the new name adopted by the drill team members this year.

Carrying the Lion in pep rallies and running it the length of track in football games were only a few of the duties of the 1973-74 Lion Guards this year. Besides helping out the Blue Brigade and Brigadettes in any way possible at football games, they also decorated the gym for pep rallies, assemblies, and decorated the football goal post throughout the football season. The sponsor was Mr. Wayneard Nellums.

Skits Highlight Pep Rallies

Pep Rallies during the 1973-74 season were more exciting than those in past years because of the cooperation of students and organizations alike. The cheerleaders, along with Miss Roberta Harbour, created ingenious skits in take-offs of popular songs and stories. Some of these included, "Snow White and the Seven Dwarfs," "Bad, Bad Leroy Brown," and "Guitarzan." The Brigettes performed many routines to build Lion Spirit. Some of these were "Hawaii Five-O," "Superfly," and "The Winning Team." The Band Majorettes, the Band, and Stage Band were featured many times during the season, also.

Hard Work Pays Off

Spirit ribbons, endless rolls of paper and blue paint were a way of life for the cheerleaders this year. Throughout the year, they generated school spirit, pride and represented the school in a sportsmanlike manner. It was the duty of these energetic juniors and seniors to support all team members in sporting events. Their year included pep rallies, cheerleader camp, and summer Blue Brigade practice. To conclude their active year, they served in the Senior Commencement Exercises. The sponsor was Miss Roberta Harbour.

Student Body Benefits from New Club

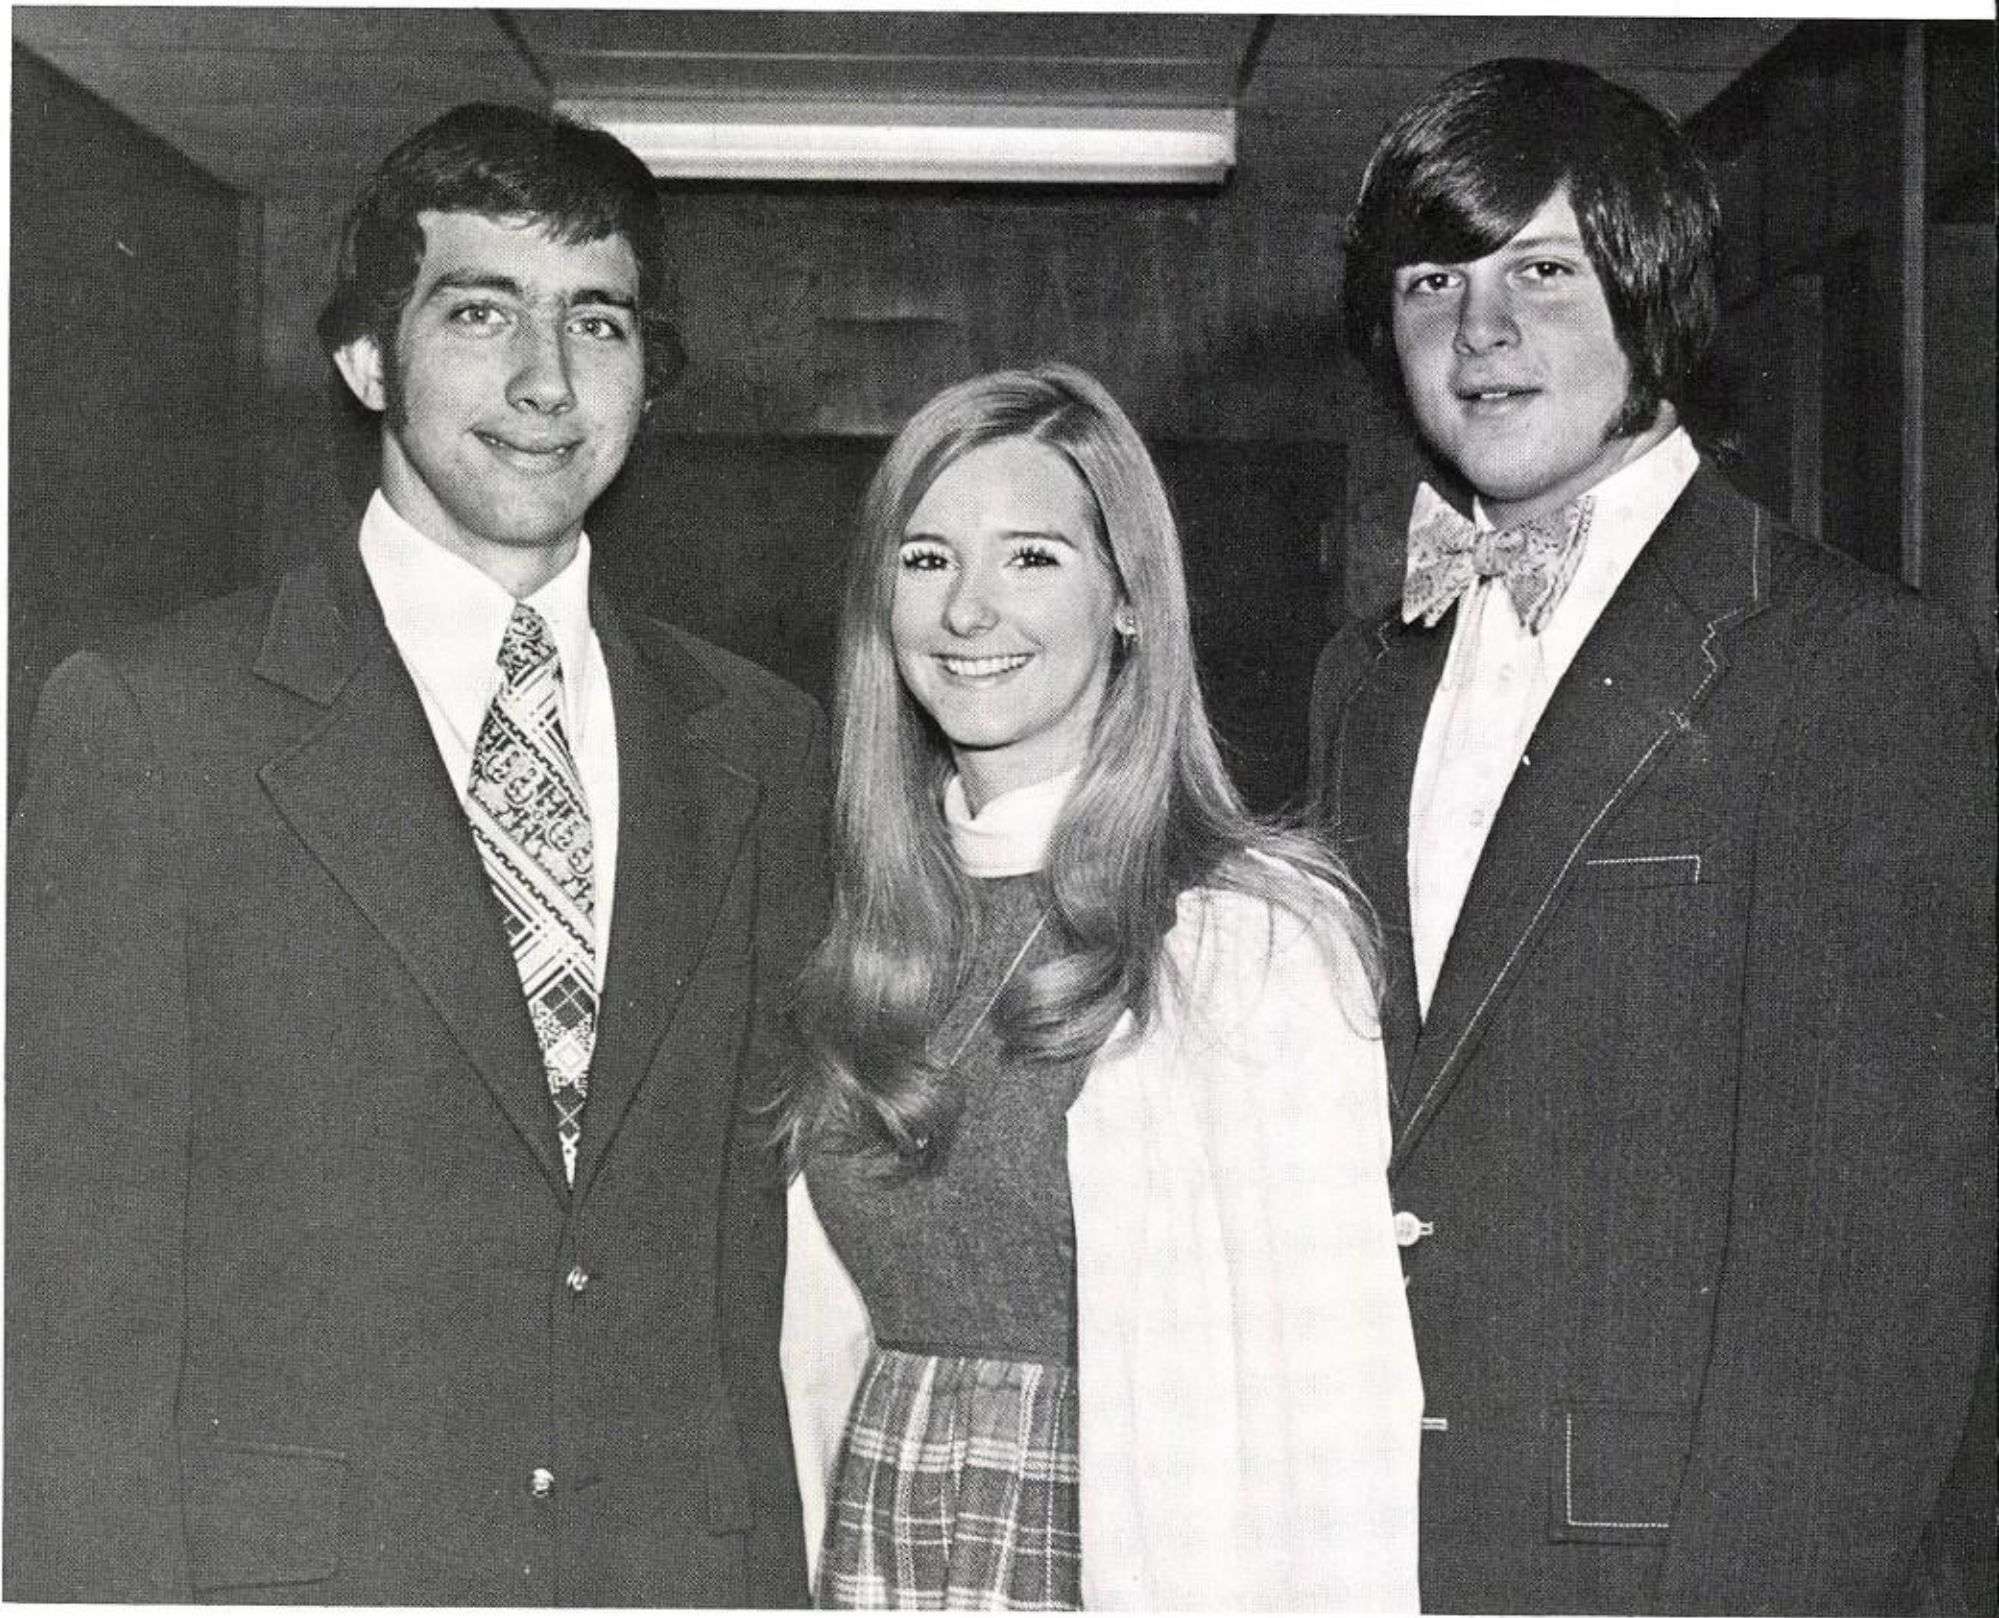

For the first time at John Tyler, rodeo fans united in the new John Tyler Rodeo Association formed this year. The purpose of this club was not only to promote rodeoing at school, but to also seek fellowship among the club members while helping the school in any way possible. This club was involved in many activities this year. Some of these were a Country and Western dance, a hayride, and a trip to Frontier City. In addition, a John Tyler rodeo was held on March 29 and 30 in the Shady Acre Arena. Besides their many activities, the club members began remodeling the Shady Acre Arena. Club members along with their sponsors, Mr. James Johnson, Mrs. Linda Fowler, and Mrs. Mary Manson, participated in rodeos in Texas, Louisiana, and Oklahoma.

Senate Sponsors "First Saturday" Dance

Above: The Student Senate officers for the 1973-74 year are Brad Simmons, President; Melinda Thompson, Secretary; Rick Ford, Vice President.

Improving communications between students and faculty was the purpose of the Student Senate. Holding meetings and coordinating assemblies were not the only duties of the Student Senate. Throughout the year, they sponsored dances, soc hops, and held the annual White Christmas program. Their active year did not end here, though. Student Senate members attended the State Convention of Student Councils. Mr. Lee Maxwell was the sponsor.

Entertainment ran high at many of the soc hops and dances. The Stage Band entertained at one soc hop while, at the "First Wild Saturday" Dance, there was much laughter and many skits, as well as several intriguing dances. Following an annual tradition, the Juniors sponsored the Sadie Hawkins Dance, where everything was turned around as the girls invited the boys out to the hillbilly affair held on March 9.

Mr. Herbert Coursey, the A Cappella Choir director, had many trips and surprises planned for his choir this year. To start off, they acquired new costumes to accompany their robes, and attended many contests, two of which were of the University Interscholastic League. Other contests included the Mu-Fest at the Texas State Fair and the New Orleans Crescent City contest. The choir also sang with the East Texas Symphony Orchestra. This was the first time during the orchestra's 25-year existence they have asked a high school choir to perform with them. During the year they sang for different clubs, organizations, and Junior Highs. A Cappella also gave a Thanksgiving, Christmas, and Spring program for John Tyler. To conclude their year, they sang at commencement exercises for the Seniors at Wagstaff Gym in May.

Girls Sing In 'The Messiah'

During the year, girls of the Pro Musica Choir learned to sing and harmonize well together while studying different styles of music. Their activities of the year included a concert at the State Fair and participation in the musical "Oklahoma!" With Mr. Coursey, director, they traveled to the Subiaco Abbey in Arkansas, to the University Interscholastic League contest in Kilgore, and they sang with the East Texas Symphony Orchestra in the performance of "The Messiah."

TJC Faculty Members Lead Discussions On Music

Encouraging the enjoyment of classical music was the goal of the John Tyler Classical Music Club. Most of the members of this club are also members of the Pro Musica and A Capella Choirs. Many times during the year, faculty members of Tyler Junior College and students were featured in discussions and musical programs. Short recitals were enjoyed by club members during regular club meetings this year. Mr. Herbert Coursey sponsored the Classical Music Club.

Alcalde Wins THSPA Championship Award

Working together for one goal, to get the 1974 Alcalde to the students, was the chief aim of each staff member. To the delight of the staff, faculty, and student body, the 1973 Alcalde won the Yearbook Championship Award given by the Texas High School Press Association in December. The staff members traveled to the THSPA Convention held at Texas Woman's University, and were soon thereafter informed of the yearbook rating. With the help of a dedicated sponsor, Mr. C. Devers, this year seemed to be just that much better.

A Race Against Time

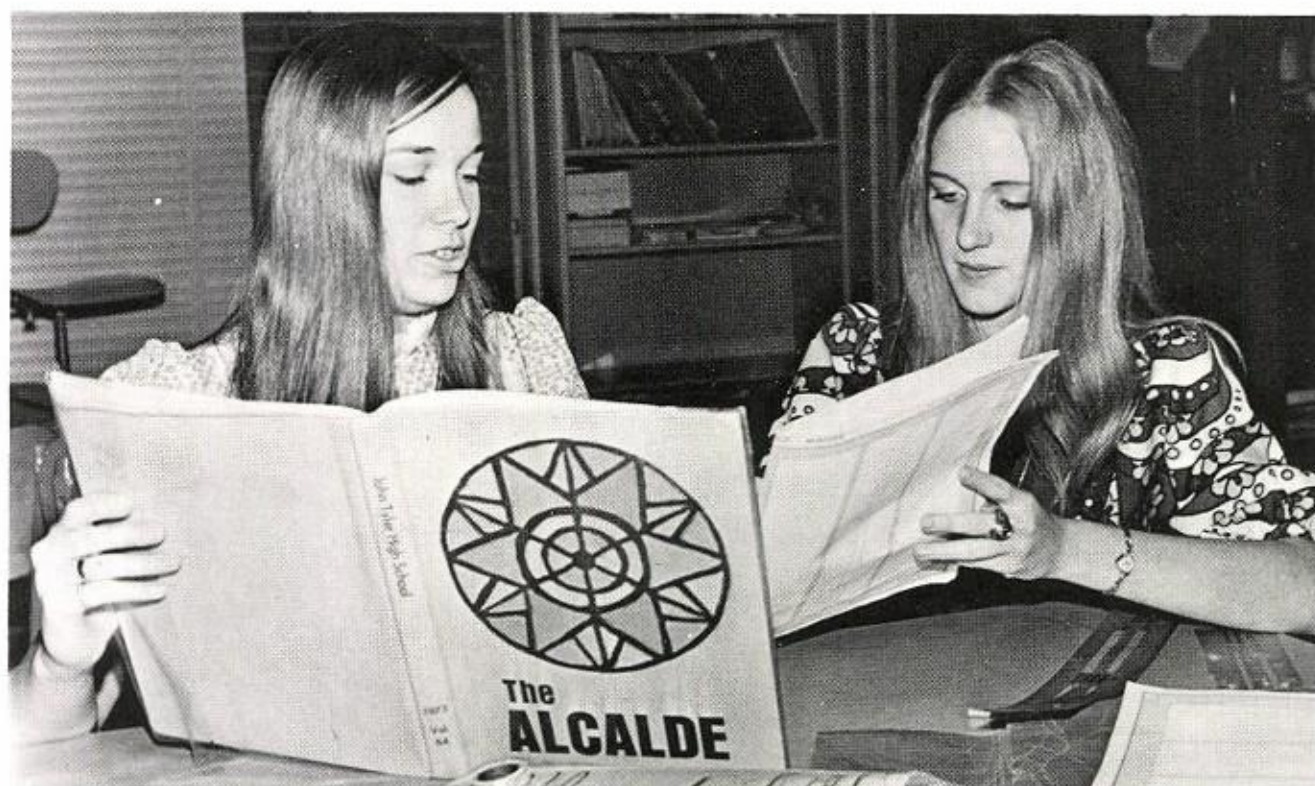

Within the walls of Room 5, a visitor would notice many happenings otherwise not witnessed in a regular classroom. Such happenings that would be observed would be people racing each other to type-writers (usually the electric), staff members traipsing up to the counselor's offices to get pictures identified and even someone carrying a tape-recorder around acting as though their life depended on it. Laying out pages on rough and smooth tripaks, waiting for a turn to use the scaleograph, staying after school on weekdays and coming on Saturday's, and rushing to the Post Office were just a few of the responsibilities the Journalism IIB students tried to accomplish and did during the year.

Thespian Members Attend Drama Festivals

During the year, members of Troup 961 of the International Thespian Society promoted standards of excellence in theater arts. They also created a widespread interest in drama through two major productions: "Oklahoma!" and "The Glass Menagerie." Throughout the year, individuals participated in various productions and contests. Two of these were the Nacogdoches High School Drama Festival and one at Robert E. Lee, With Mrs. Helen Jack as their sponsor, the year concluded with the officer installation in May.

Top: Cindy Loden and Ivan Beall discuss their ratings at the Nacogdoches High School Drama Festival. Both received an "Excellent" in Prose Reading.

Careers Are Topic Of Discussion

Developing aptitudes in themselves for teaching careers was the desire of the Future Teachers of America. FTA members viewed films on the teaching profession. They also held the annual Teacher Appreciation Day, where they taught the various classes in the teachers' places. The sponsor was Mrs. Ethel Calloway.

Technical Skills Are Developed

Encouraging interest in math, engineering, and science fields was the purpose of the Junior Engineering Technical Society. Besides their many meetings throughout the year, the highlight of the year was a trip to the University of Texas. Mr. Lee Maxwell was the sponsor of JETS.

Students Participate In Local Activities

Teaching students to improve personal family and community living was the purpose of the Home Economics Related Occupations Club this year. HERO members participated in many activities, two of which were their annual Employer-Employee Banquet and their helping to decorate the Rose Queen's float for the Rose Parade in October. The sponsor of HERO was Mrs. Dorothy Johnson.

Creative Skills Important In Art

Creating interest in the field of art for high school students was the purpose of the 1973-74 Art Club. Along with their sponsor, Mrs. Ollie Crawford, club members attended special lectures, art shows, and several museums. In addition, during the year, many filmstrips were shown. All of these were designed to aid art students in developing their own creative styles and deciding what branches of art they might want to pursue for a career.

Members Attend Leadership Conferences

Besides their publication of the John Tyler Student Directory, members of the Office Education Association worked to create more interest and understanding in the field of office occupations. Their leadership qualities were enhanced by the Fall Leadership Training Conference on October 20, and the Spring Leadership Training Conference. Along with their sponsor, Mrs. Sue Bell, members held their annual Employer-Employee Banquet and participated in national OEA week in February.

ICT Wins First Place Award

Preparing students for various skills and training them in the field of work was the purpose of the Industrial Cooperative Training course this year at John Tyler. Along with their sponsor, Mr. R. B. Pruitt, members attended District and State contests throughout the year and won the first place District Ceremonies Award.

Acquainting students with opportunities available in health careers and to develop leadership qualities by club participation was the purpose of the Texas Association of Health Occupations Students this year. With Mrs. Jean Beecham as the TAHOS sponsor, club members were busy with many activities such as giving a Christmas luncheon, going Christmas caroling at nursing homes, and attending conferences and contests throughout the year.

Students Develop Leadership Qualities

Providing opportunities for leadership development was the purpose of the Distributive Education Clubs of America this year. It provided vocational understanding, civic consciousness, and social intelligence for those training in marketing, merchandising, and management careers. Activities included a "get-acquainted" party, a formal installation service, and a breakfast honoring new members. In addition, field trips, contests, leadership conferences, and an Employer-Employee Banquet. Their active year was concluded with a farewell party for graduating DECA members. The sponsor was Mrs. Starley Daniels.

Trades Help Students Plan Future

Auto Mechanics I was one of the many Vocational Industrial Clubs of America at John Tyler. Students who were in the Auto Mechanics I course were eligible to join this club. One of the many fund-raising projects carried out again this year was the repairing of automobiles for students, teachers, and any other person. They competed in local, district, state, and national Skill-Speed contests. Mr. Norman Williams was the sponsor of Auto Mechanics I.

Left: The officers of the Auto Mechanics Club are Evelyn Florence, Vice-President; Tony Meeks, President; Terry Murry, Treasurer; Frank Johnson, Parliamentarian; Debra Williams, Secretary; Darrell Blaylock, Sergeant-at-Arms.

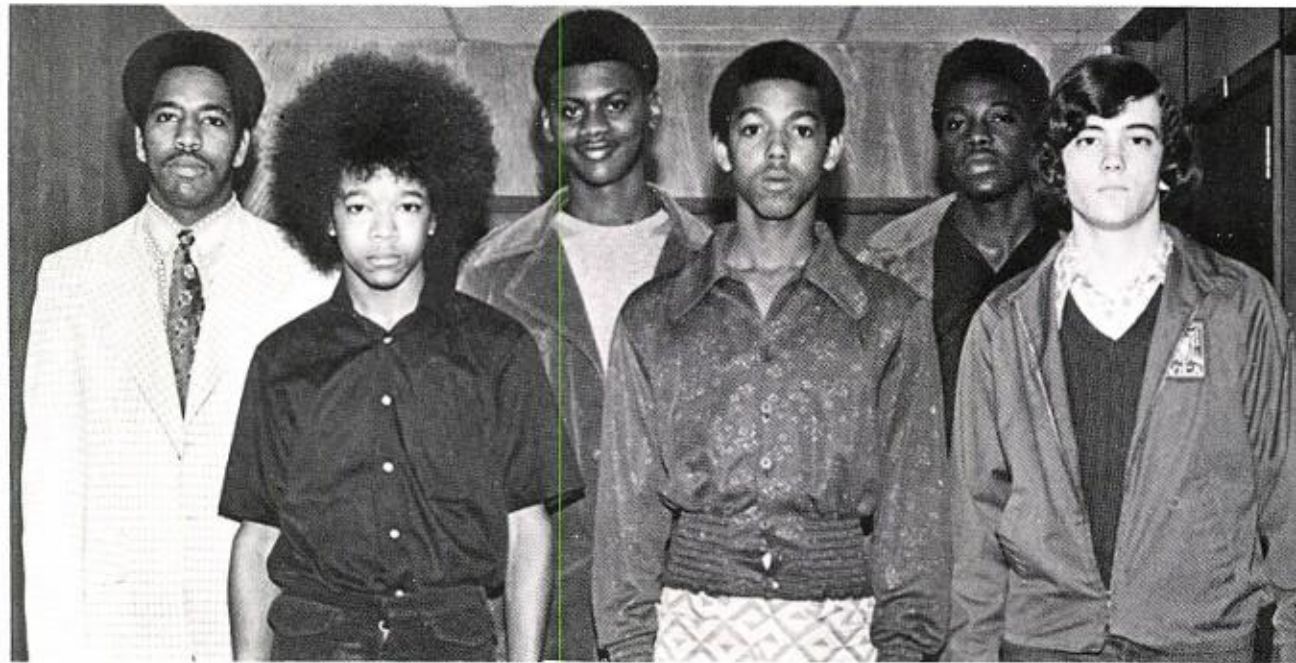

Preparing students for useful employment was the purpose of the Building Trades Club of John Tyler. Through building homes, the members gained a deep feeling of self-respect that would follow them throughout life. The students attended many contests and parties throughout the year. Mr. Charles Scarbrough was the Building Trades sponsor.

Chess Club Is Formed

This year, chess masters united in the John Tyler Chess Club. Sponsored by Mr. Douglas Thompson, they won the first high school Chess Meet in the 14-AAAA District. It was held here last November and students from other schools participated with many John Tyler students.

Promoting good citizenship and helping the handicapped was the purpose of the Junior Civitan Club. The faculty sponsor was Mrs. Marilyn Hooker. Members of this club aided the handicapped people in different projects, one of which was to cover the circle where the flag poles stand with gravel. Students who are members of this club are chosen because of their good grades, citizenship, and involvement.

'We've Only Just Begun'

Throughout the year, the Tyler Youth Council served the community with projects designed to aid students and other people. These projects included Project Christmas, the Pancake Jamboree, and the annual TYC Carnival. In addition, the three-year-old Teen Jury Project is still very highly recommended by law enforcement officers. In this, teens were tried by their peers and given a punishment other than a fine. On February 16, the TYC slide show, "We've Only Just Begun," was shown to prospective members. It showed them what the Tyler Youth Council was all about. The officers and ten members also attended the Southwest Allied Youth Conference in March. Mrs. Susie Jones sponsored the Tyler Youth Council.

Staff Keeps Students Up To Date

Keeping the student body informed about school happenings was the responsibility of the Lion's Tale staff this year. Achievements, special occasions, and sports happenings, as well as the few disappointments that arose, made up the news. This was only half of the things that kept the news staff busy. Besides putting out the paper biweekly, they attended many classes concerning photography, radio, television and advertising during the Student Journalism Forum at Southern Methodist University. Also, the associates along with their sponsor, Mrs. Linda Rushing, attended the University Interscholastic League Conference in Austin where they were informed of the rating the Lion's Tale received.

Girls Develop Art Of Photography

Every other week, the Lion's Tale was published and sold. The photographers had daily assignments, however. Each day was spent either in the darkroom developing negatives and prints, or out on an assignment. This year both photographers were girls which, in some schools, would prove a problem at athletic events. However, the girls took pictures on the sidelines at 15 football games. During the basketball season, both photographers worked on alternating home games. Tennis, baseball, and track were just as efficiently covered. During the first semester, there was a potential problem as the light strobe was out of commission. The girls improvised and learned to take pictures in all situations by available light. Mrs. Linda Rushing, sponsor, worked with Journalism I and Lion's Tale staff members by coordinating writing and picture assignments.

Linguistic Students Expand Fields Of Interest

In order to promote the interest of students in the Spanish culture, the Spanish Club sponsor, Mr. Leroy Belcher, had many plans for his students this year. Many activities included a Christmas party, cook-outs, and many excursions to Mexican restaurants in Tyler. The highlight of the year was a trip to Mexico made by Mr. Belcher and many of his associates later on in the school year.

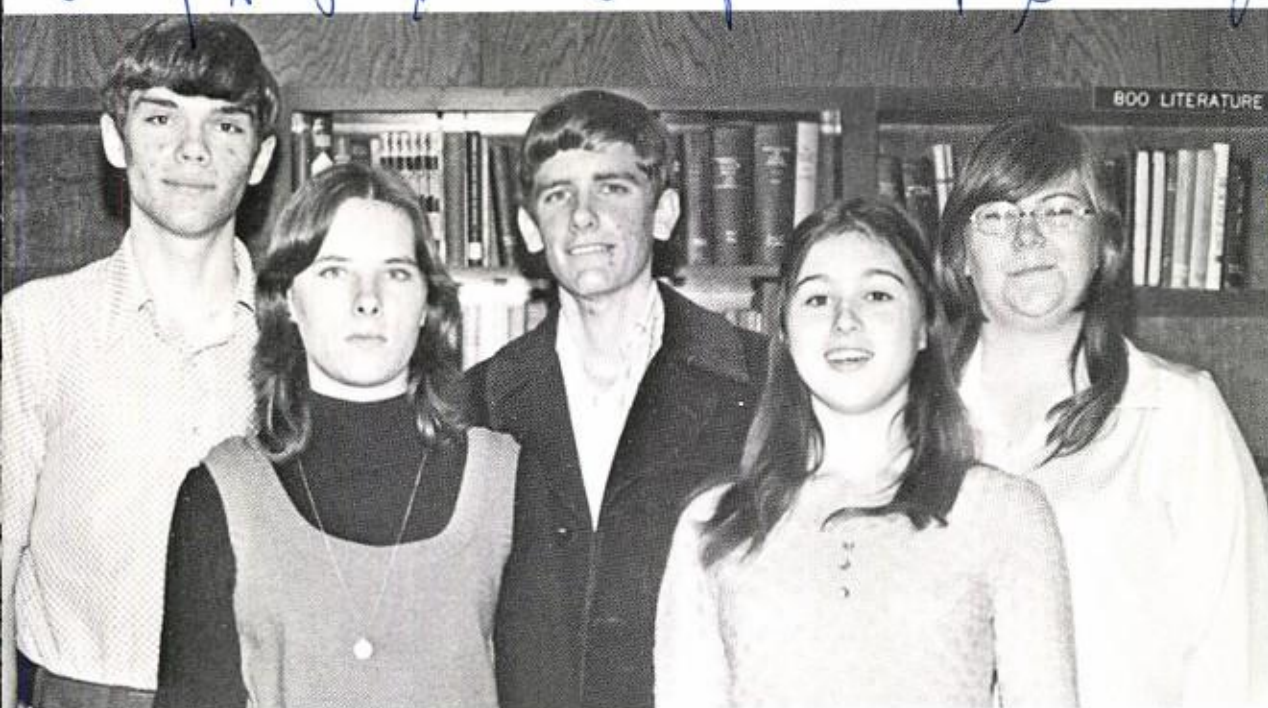

"Nunc Prontunc" (Now as Then) was the motto of the Latin Club this year. Their activities included meets such as the Roman Banquet in Henderson where Cornelius Ford placed in the Tricycle Race, and the Texas State Classical League, where Latin students attended meetings, competed in tests, and met other students. Other Activities planned were a Christmas party, a language meet held in Tyler, and a drive to recruit more students for next year. All Latin Club members were members of the National and State Junior Classical League. The sponsor was Miss Carolyn Hardgrave.

Wurstfest Highlights Busy Year

From football to sausage, the German Club had a wide range of activities to keep their year busy. The 1973-74 year was opened with the annual German Club party with the German I versus German II football game at Tyler State Park in October. Along with the many films shown during the year, the Highlight of the year was a trip to the New Braunfels "Wurstfest," or Sausage Festival. The German students and six chaperones attended the festival along with their sponsor, Mr. Douglas Thompson. The festival was held last fall on November 16, 17, and 18.

New Tradition Is Established

"T" Association is a club for people that letter in any sport such as football, basketball, track, and golf, just to name a few. They started a new tradition this year by sponsoring a donkey basketball game.

The line-up consisted of the John Tyler coaches versus the disc jockeys from a local radio station. They also set up a refreshment stand for the high school basketball games besides sponsoring the annual Junior High basketball tournament. Mr. Robert Finklea was the sponsor.

Students Show Interest

With Mr. P. E. Isham as their sponsor, Auto Mechanics II members worked to promote leadership in the world of work. Their year included cook-outs, field trips, worthwhile civic projects, and helping to sponsor the Sweetheart Dance in February. The year was highlighted by the Area, District, State, and National Auto Mechanics contests.

Throughout the 1973-74 year, Metal Trades Club members developed leadership abilities through participating in educational, vocational, civic, recreational, and social activities. These students also developed a deep respect for the dignity of work which is so important in the world today.

Metal Trades students had a very active year which included their participation in the VICA Leadership Conference, the area and state VICA speed-skill contests. They managed the Career Education Booth at the East Texas Fair, helped to sponsor the OEA-VICA Sweetheart Dance, held field trips, cookouts, and held the awards ceremony at the end of the year. Mr. Larry Brown sponsored the Metal Trades Club.

Sweetheart Dance Makes Debut

Sponsored by the OEA and VICA clubs, the Sweetheart Dance made its debut this year. 21 clubs and organizations were represented in the sweetheart presentation and competition which preceded the dance. Door prizes were given away and participants at the dance were highly entertained by the music of Heritage, a popular rock group in Tyler.

COMPETITION

Competition with man against man has been evident in everything we do since God put man on earth. In the sports program at John Tyler High School, competition among individuals was not as evident as people would have been brought to believe. Athletes have been taught to combine individuals efforts and talents to establish a strong and successful group of people. Athletes are also taught that success and victory are obtained through self-discipline, good performance, skill and training. Through unity, athletes know that dreams can be made into realities.

STATE AAAA

December 22, 1973, climaxed and ended a great Lion football season.

On that day in the Astrodome of Houston, Texas, the John Tyler Lions were pronounced State AAAA champions. The last time a Lion team won state was in 1930. The Lions,

having been to the play-offs in years past, won the Semi-Final trophy in 1955. Picked fourth in district play, the Lions astonished everyone by winning the district crown.

During the 15 weeks of exciting football action, the Lion squad acquired many names, with one surmounting all the rest—"Wrecking Crew."

Talent was evident with several players receiving top honors. Not only did the players receive high honors, but also, coach Clark "Corky" Nelson was named Coach of the Year.

And Then Along Came John

Nimitz High fell to the Lions in spite of four fumbles and ten penalties against John Tyler. Earl Campbell made the first touchdown on a four yard run in the first quarter.

During the second quarter, Ralph Caldwell and Earl Campbell both made touchdowns. Other scores for John

Tyler came on a four yard run by Terry Bizer and a 26 yard scamper by reserve quarterback Ronnie Jones in the fourth quarter. The Lions stole the show from the Vikings 31-0.

Lions Ignite Spirit

An aggressive Lion defense propelled John Tyler to a victory over the Lions of Greenville High. Earl Campbell scored two touchdowns and three extra points. Cornerback Ralph Caldwell intercepted a pass from Greenville's Marcus Fleming to put seven more points on the scoreboard. The John Tyler Lions roared past the Greenville Lions 21-0.

With their first win behind them, John Tyler was out to get the Corsicana Tigers. Larry Hartsfield ran 70 yards for the Lions' first score with 8:43 left in the third period. Earl Campbell scored two more touchdowns and added one extra point. Corsicana was allowed only one touchdown. The feeling of victory swept over the Lions as they walked away with a 26-7 triumph.

Above: Earl Campbell (20) runs by Corsicana's Ken Powers (76) and caps the J. T. scoring on a power sweep for 14 yards with 58 seconds left to play. The Lions defeated the visiting Tigers 26-7.

"Proud Is Our Pride"

John Tyler won a 21-16 thriller from the Texas High Tigers in Rose Stadium. Runningback Earl Campbell picked up the Lions first two touchdowns on runs of 19 and 40 yards. Derek Dillard kicked both PAT's. This brought the score to 14-13 in the third period. Ralph Caldwell dashed the length of the field to paydirt with 1:52 left to play. Dillard kicked the extra point and the Lions stomped the Tigers 21-16.

Intermittent rain did not bother the fans on hand for the Lion-Lobo duel. Earl Campbell dazzled the crowd with a spectacular 57 yard run to paydirt and Derek Dillard added the extra point. Larry Hartsfield scored on a quarterback sneak. Dillard's kick was wide but he made up for it with a 27 yard field goal at 2:35 left to play. John Tyler redeemed last year's loss 16-0.

John Tyler growled loud in Marshall on a chilly night in Maverick Stadium. Quarterback Larry Hartsfield scored two touchdowns for John Tyler. Earl Campbell grabbed up two more with Lynn King running over for extra points, and later adding a fifth score. Derek Dillard was successful at making the extra point. All hope was lost for the Marshall Mavericks as the Lions won 33-0.

ion Season Starts With A Roar

About 8,500 people watched the Lions turn in a spectacular second half performance against the Lufkin Panthers. Earl Campbell racked up a touchdown in every quarter. Derek Dillard kicked two extra points and Campbell ran over the goal line to add two points to his score of the second quarter. Tony Terrell put the Panthers away with a 73 yard punt return with only 3:14 left to play. The John Tyler Lions roared past the Lufkin Panthers 34-20.

Lynn King prevented the Nacogdoches from almost pulling the upset of the year. It was King who made the only 2 scores, the first being made in the first quarter on a two yard plunge and the last being made in the third quarter. Derek Dillard was successful in making the extra points. Nacogdoches narrowed the score during the fourth period, but the Lions still put out the Dragons' fire 14-7.

John Tyler was assured of a place in the playoffs with a victory over the Wildcats of Palestine. Terry Bizer scored one touchdown. Calvin Ellison also rambed into the end zone for a score, and Bizer picked up two more points on a run around the left end. Scores fell like rain on the Wildcats as Lynn King scored twice, Tony Terrell scored once, and Ronnie Lee added a touchdown on a pass from Ronnie Jones who also picked up six points. Dillard booted three extra points as the Lions won 54-0.

Red Raiders Turn Blue

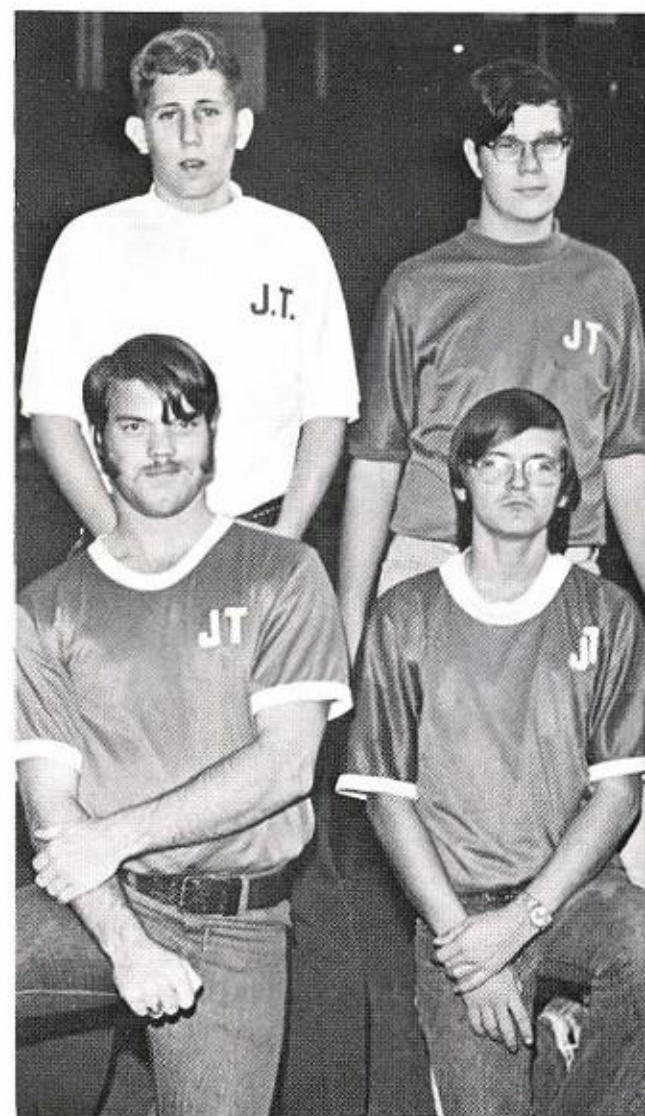

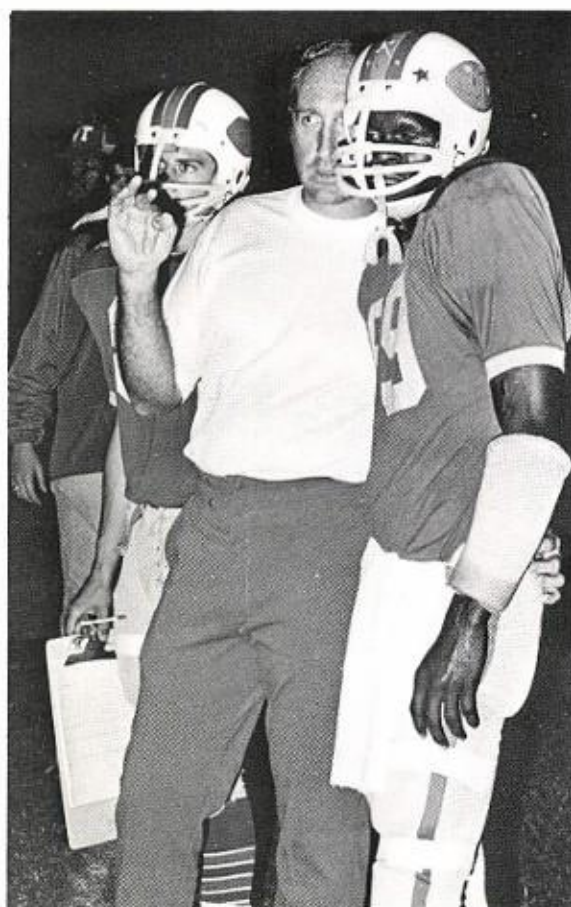

John Tyler turned the Lee Red Raiders blue for the district finale. Larry Hartsfield ran in for John Tyler's first score. Derek Dillard made it 7-3. Mike Johnson also scored on a 65 yard pass from Hartsfield. Dillard's kick was successful. In the third quarter, cornerback Ralph Caldwell intercepted a Lee aerial to put his mark on the board. It took the Lions' two plays to score and Earl Campbell went over untouched on a left run. Dillard tacked on the extra points. John Tyler wore the crown, winning 28-3.

Nelson Coach Of The Year

The team of thirty-nine players did not win the state title all alone. It took four managers to keep the boys in excellent condition to go all the way to state. These four young men had the duties of checking all equipment, having water containers full, load the buses, and keep the players in best of spirits at all times. Trainer, Lamar Willis, taped the players, helped if an injury occurred, and kept the boys in shape whenever they were out of uniform. These were just a few of the many jobs, but they all added up when it came to making a number one football team go all the way to state.

This was not only the year for the football team, but the coaches also had a chance to improve their skills. Head coach, Clark "Corky" Nelson, received the best of help from the other seven coaches. Each man played a big part in the Lions' football season. Teaching the players new offensive and defensive plays was a large job for each one. While some coaches were busy working on a state football team, Coach Royce Franklin was busy working with the basketball team, and baseball coach Charles Craddock and track coach Lawrence LaCroix were also busy working with their respective sport programs. Each played a very important part in helping make this school year the "Year of the Mighty Lions".

Lions Advance In Playoffs

On November 23, the 14-AAA champs, the John Tyler Lions, defeated the 13-AAAA champs, the Plano Wildcats. Earl Campbell scored 20 of the first 21 points on runs of 45, 40, and three yards for touchdowns and ran in a two-point conversion. In the fourth quarter, Campbell made one of the greatest plays of the year on a 26-yard run. The last 14 yards were gained with six Wildcats on his back. Fullback Lynn King scored the other two John Tyler touchdowns on runs of six and three yards in the fourth quarter. Derek Dillard rounded out the scoring with two extra points as the Lions blasted the Wildcats 34-0.

Conroe, the number one ranked team in the state, fell to the John Tyler Lions in the battle for the quarter-finals. Derek Dillard booted a 31-yard field goal in the second quarter to put the Lions ahead 3-0. However, the Wildcats engineered an excellent drive in the third period to score a touchdown and make the score 3-7. Things looked dim for the Lions until Tim Campbell recovered a Conroe fumble at the John Tyler 27-yard line with 9:07 left to play. Two plays later, Earl Campbell bulled his way in for the winning touchdown. Dillard kicked the extra point as John Tyler escaped Conroe 10-7.

Top: Lynn King (44) tackles Donnie Roberts (21) as Tony Terrell (33) comes in for assistance. The Lions passed up Conroe 10-7.
Above: Larry Hartsfield (10) throws our only pass of the game to Ronnie Lee (82) before being tackled by Jeff Dabbs (81) of Plano. John Tyler won the Bi-District title 34-0.

John Tyler continued their winning ways, chalking up number 13 this year as they were in control all the way against Arlington Heights.

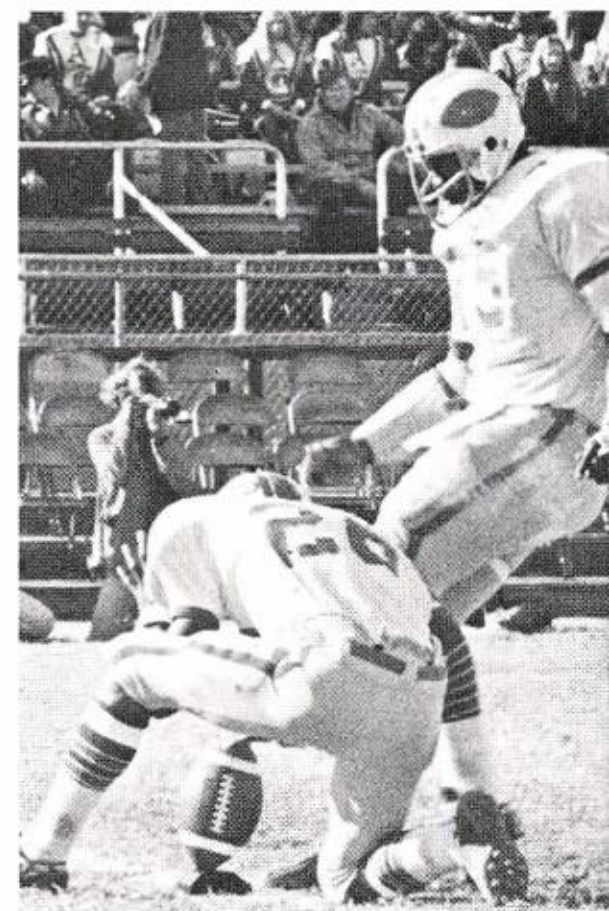

Earl Campbell ran in for four touchdowns. Ronnie Lee hit paydirt once on a 16 yard pass from Larry Hartsfield. Derek Dillard made four PAT's. John Tyler's last touchdown came with only 3:30 left to play. John Tyler advanced to the semi-finals with a score of 34-12.

John Tyler played the semi-finals against Arlington Sam Houston in Baylor Stadium. All State running-back, Earl Campbell, ran 85 yards for the first touchdown. Derek Dillard kicked the PAT and the score stood 7-7. Larry Hartsfield's pass to Ronnie Lee added six more points. With a fake to Lynn King, Hartsfield ran in for two extra points making the score 15-7. With 31 seconds left, Hartsfield made the final touchdown with a three yard run. Dillard's kick made the score John Tyler 22 and Sam Houston 7.

Santa Claus waited 43 years to deliver a shiny silver football inscribed with Class AAAA State Champs. To make the day more exciting, the game was played in the Astrodome. Earl Campbell lit the scoreboard with two touchdowns, Larry Hartsfield added six points in the form of a touchdown. Derek Dillard made all the PAT's. Austin Reagan was allowed only 14 points. Mike Cayard stopped Reagan's last attempt to score as he intercepted a Reagan pass with 21 seconds left in the game. John Tyler became the State AAAA Champs with a score of 21-14.

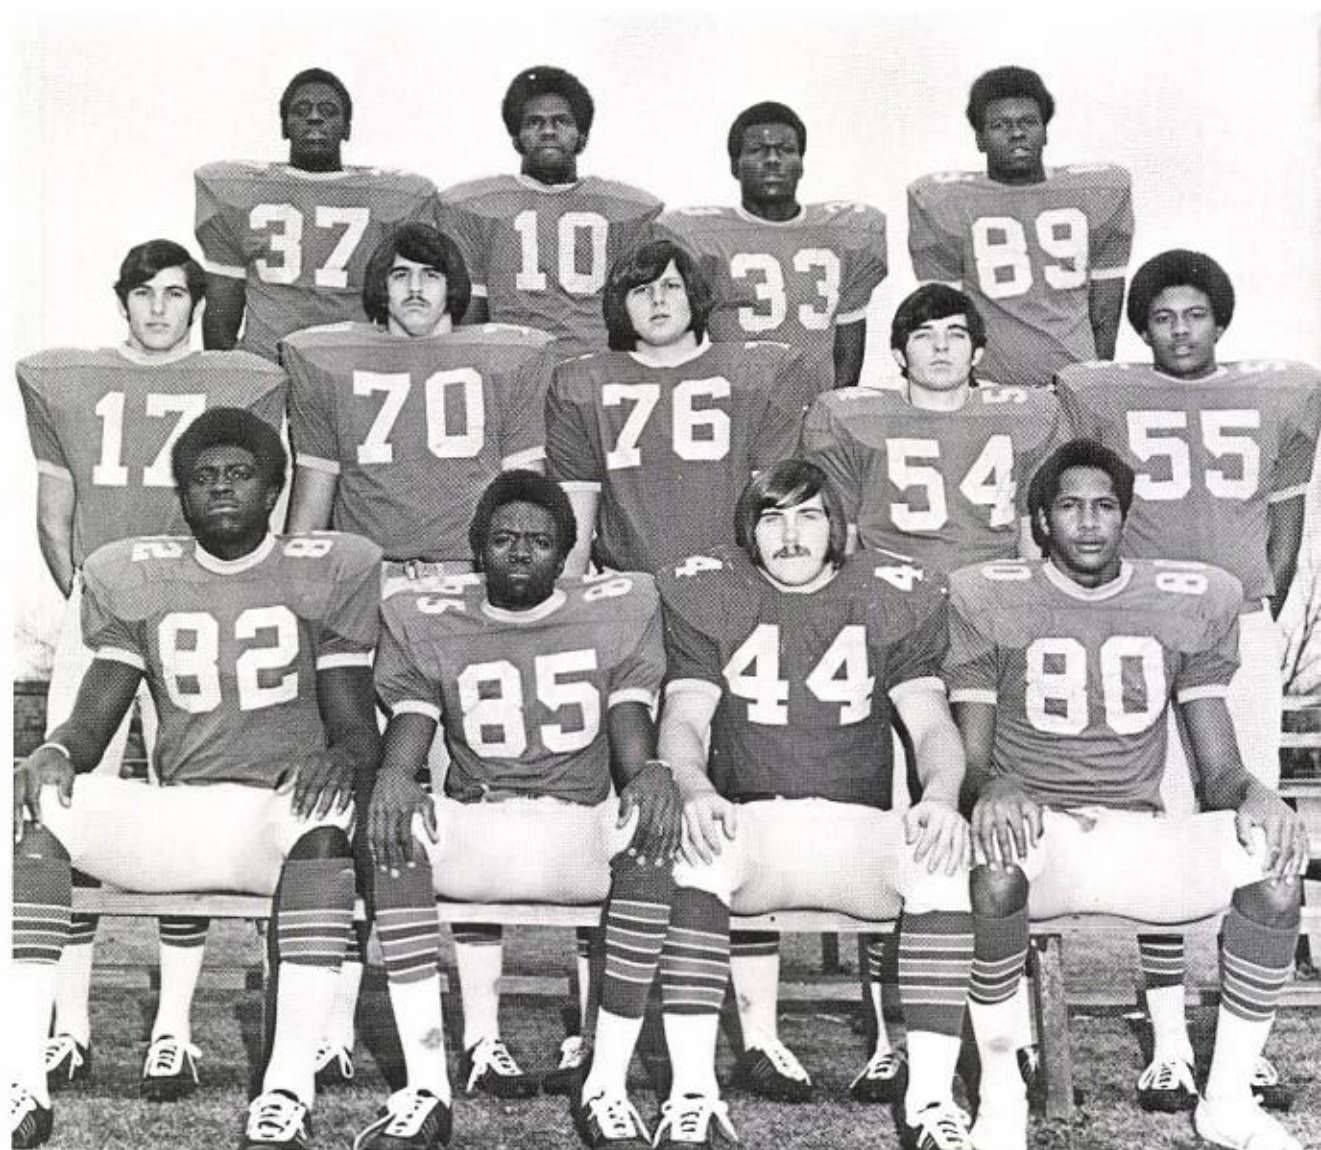

Top: Larry Hartsfield (10) makes the second touchdown on the way to state with a score of 21-14.

Varsity Shows Pride

With only one returning letterman, the Lion Cagers did an outstanding job representing John Tyler in 14-AAAA basketball. The team of five seniors and six juniors started work-outs early in October to prepare for the basketball season.

After six non-conference games of which the Lions won three, and three tournaments of which they won two, the Lions won six of their seven first-round games, losing only to district champs Marshall High. In the second round, after Lufkin was forced to forfeit all their games because of having an ineligible player, John Tyler had tie record with Marshall Mavericks. The Lions played an excellent game, but were beat in the play-off for the second round winner by a score of 77-76.

Set It Up- Put It In

Basketball workouts began early in October for the Lion cagers as they began running around the track to condition for speed, agility, and endurance. Lay-ups, hook shots, set shots, jump shots, and free throws were some of the offensive techniques the Lion Cagers learned as they moved up to district playoffs, along with their defensive strategy. Their purpose was to "try to win", and the Lions did just that, as they finished with a 12-3 district record.

John Tyler Loses District To Marshall

Coach Royce Franklin was more than proud of the Lion basketball team even though they were defeated in overtime for the district championship by the Marshall Mavericks in Masters Gym at Kilgore College. Franklin said that he "felt the Lions outplayed them all the way".

The Mavericks fouled 14 times and gave up 15 foul shots to the Lions. With the Mavericks ahead by a scant point and time running out, J. T. inbounced the ball. Harold Taylor tried to score from five feet inside the half-court stripe while four seconds remained on the clock. The shot was six inches right of the basket—missing the backboard and falling harmlessly out of bounds as the Lions lost to the Mavericks, 77-76.

Left: Harold Taylor (42) sets the ball up for two more points to the dismay of the Marshall basketball team.

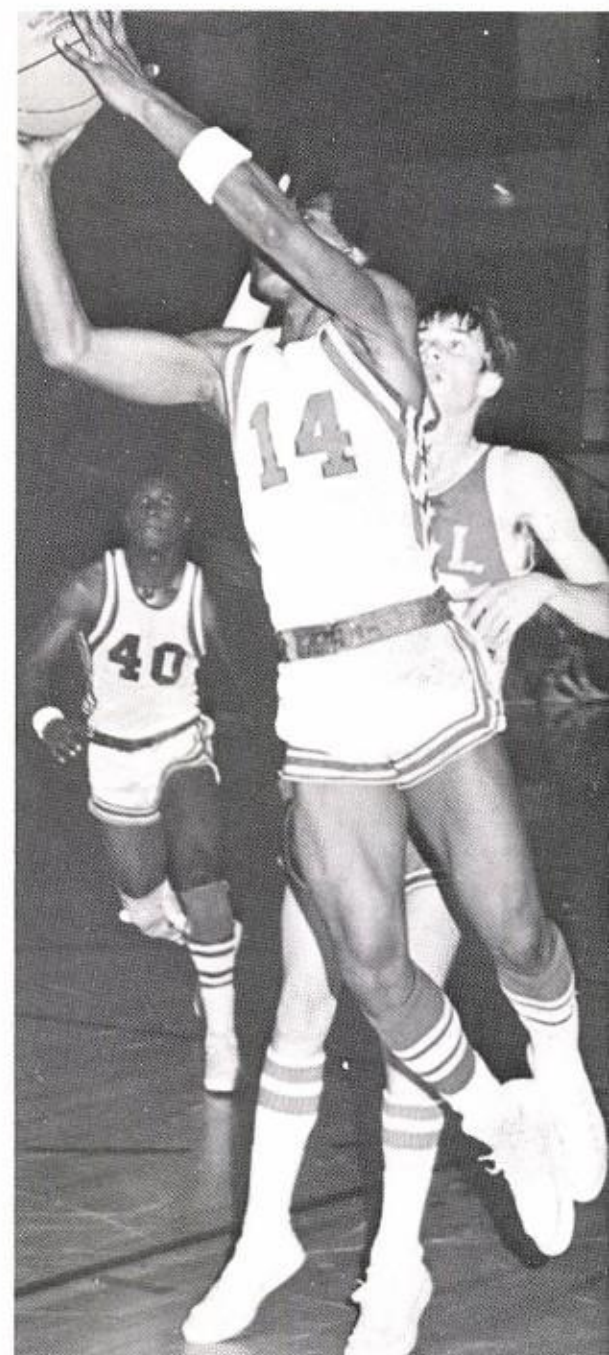

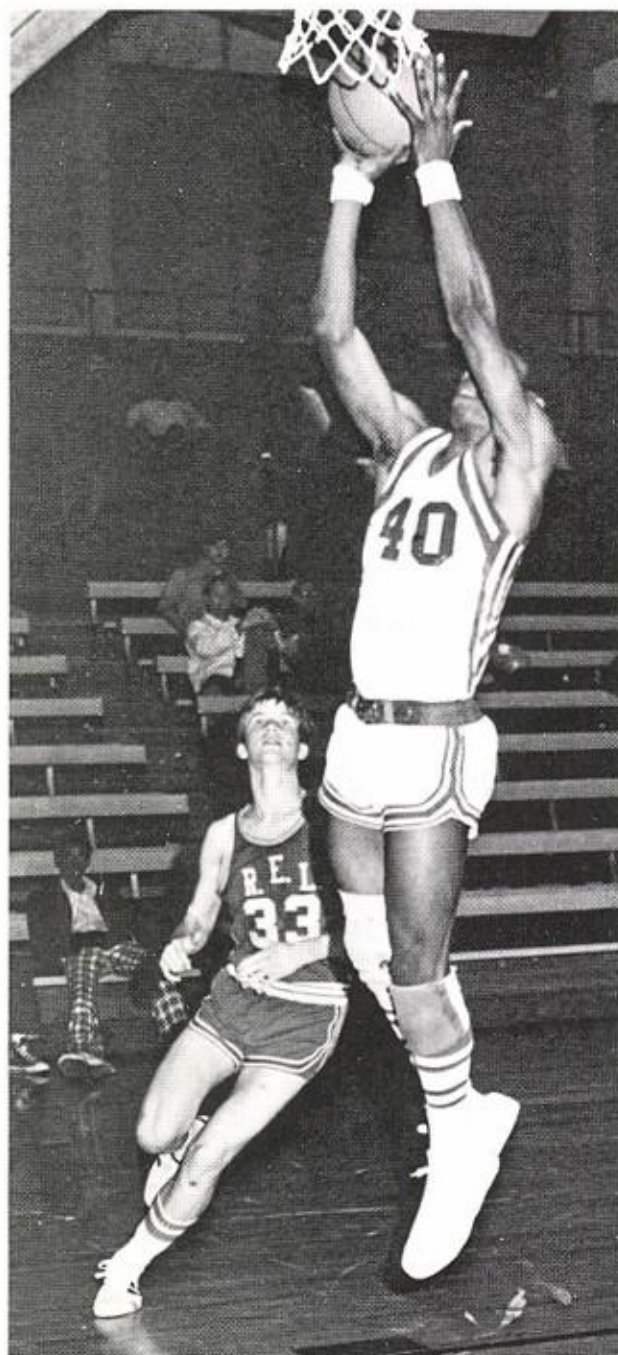

Cubs Improve Techniques

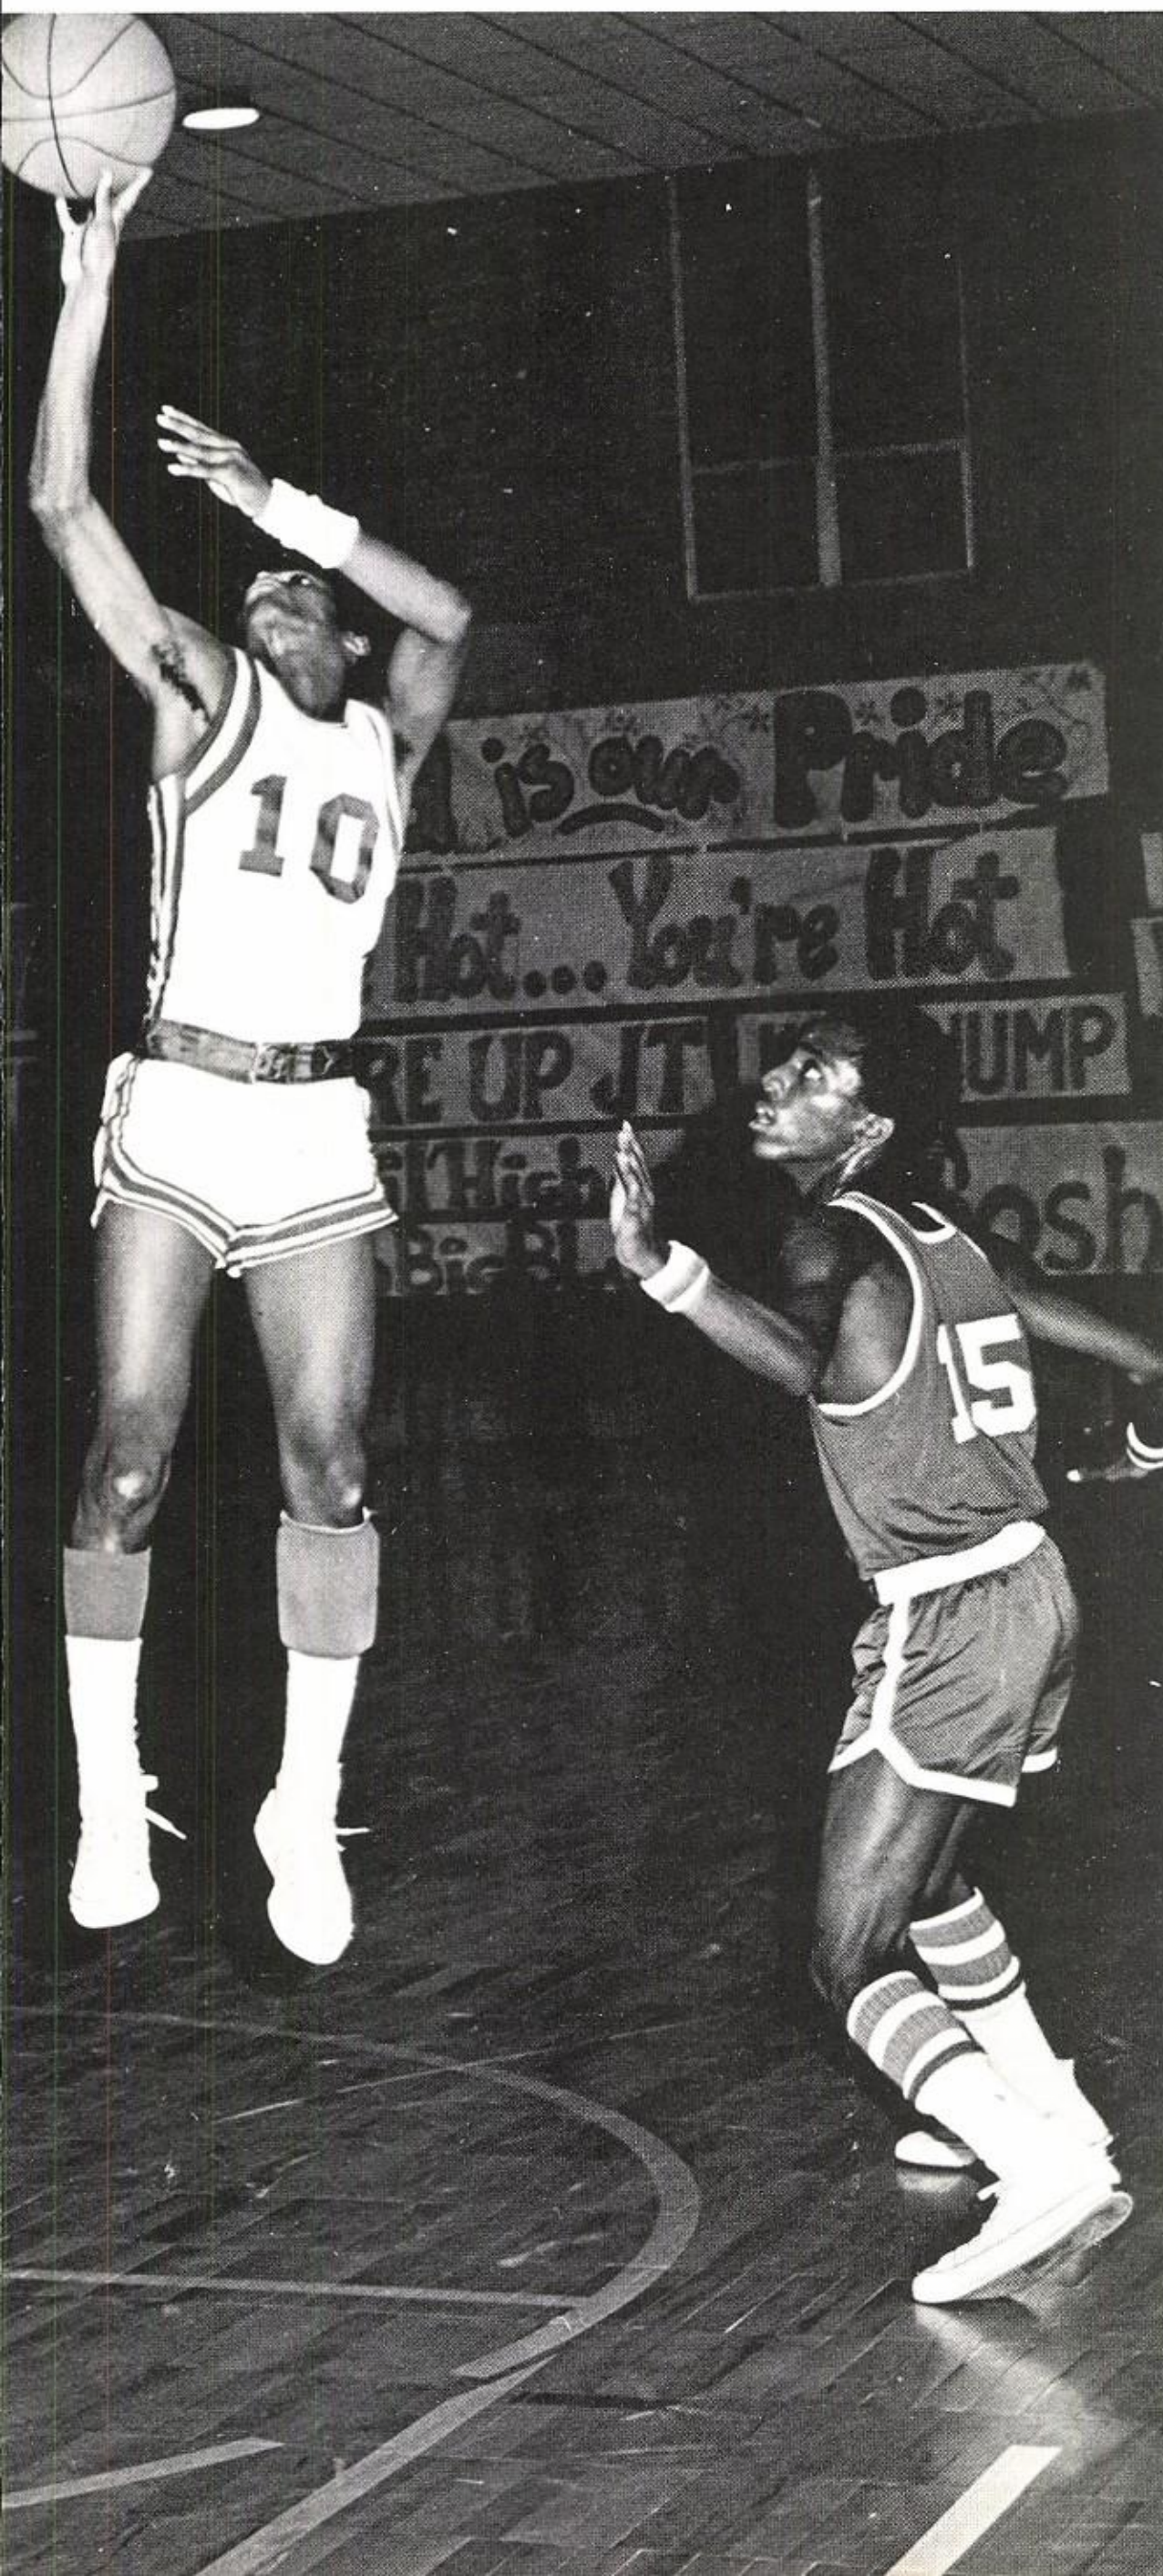

John Tyler Cubs learned many techniques as their training prepared them for the Varsity. Coach Bill Parks was there to lead the Cubs to a 12-1 season record, and a 17-4 district record. Many hours of practice and hard work, along with pride and hope was with the Cubs as they compiled an excellent season record.

Women's Lib Invades Golf

With six returning lettermen, four sophomores, and the addition of two girl golfers, this year's golf team was the most potent in all the years at John Tyler. At the start of the season, Coach Raymond Von Lewis started teaching the basics: chipping, putting, and driving. The golf team spent many hours of practice at the Bellwood Golf Course preparing themselves before going to each tournament.

Tennis Team Gains New Members

This year's Tennis Team had four returning lettermen among the 11 returning members and 21 new additions. The tennis season began on March 1 with the Robert E. Lee tournament and closed with the District meet on April 1. Mrs. Marilyn Hooker, coach, attempted to arouse the players' interest in their favorite sport.

'74 Track Team Shows Improvement

Throwing the shot put and discus, running sprints and relays and jumping hurdles are just a few of the many things involved in track.

Practice started early in November with Coaches Lawrence LaCroix and Darvin Hooker helping all the members of the team to build the endurance needed to beat the clock.

Swimmers Show Talent

One coach—two teams—that's coach Theron Pickle, teacher at Robert E. Lee High School—John Tyler's cross-town rival. Coach Pickle coaches the Tyler Swim Team which is composed of the two high schools and various other individuals in the Tyler area.

The John Tyler Swim Team participated in the Dallas International meet at the Loos Pool in Dallas, in which Ronald Ross placed tenth. They also attended the Texas Interscholastic Swim Coaches Association meet in the consolation final. The team next participated in two Double Duals meets with Robert E. Lee and Longview. At the Longview YMCA, Holly Womack placed first in diving. Ronald Ross placed first in free style and first in breast stroke and his twin brother Reginald placed second in free style and second in breast stroke.

In the second Double Dual meet at the Tyler YMCA, Holly placed first against Longview, and second against Robert E. Lee. Ronald placed third in free style and first in breast stroke; Reginald placed second on free style and second in breast stroke.

Determination Forms Winning Team

Baseball practice started February 1. Coach Charles Craddock began conditioning the team of 21 members to face the hectic season ahead. Throwing, fielding, bunting, stealing, and running bases were just the basics in learning how to play baseball. With five returning lettermen, Coach Craddock and the team put in a lot of hard work and practice, but the satisfaction of winning made it all worthwhile.

OURSELVES

We as individuals have many different ways of identifying ourselves. Our personalities, appearance, ideas and abilities distinguish us from every other human being. Being our own guide and making our own decisions are all a part of being individuals. Some of these assets of individualism can often become our downfall or stumbling block but if so—we must overcome our handicaps and work and live for better things in life.

Juniors Set Goals

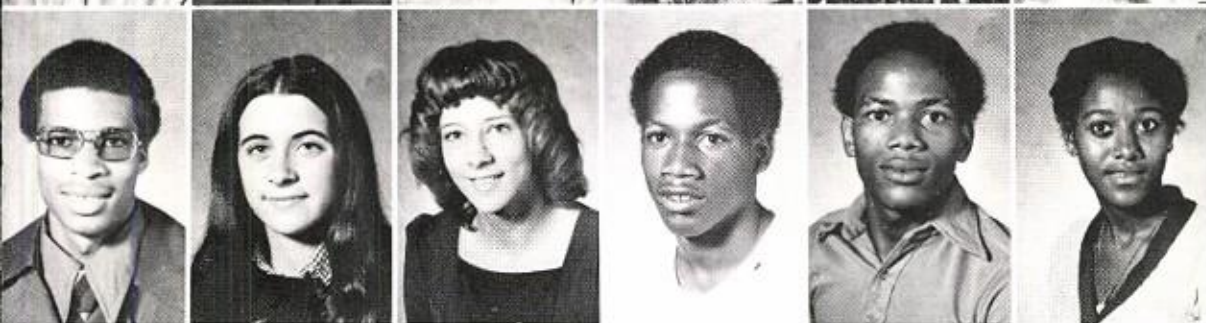

John Tyler's 512 juniors have been active during 1974. The highlight of the junior's year was ordering their senior rings. They also sponsored the Sadie Hawkins Dance which was held in the spring. For most of the class, 1974 holds many memories that they will always cherish.

Above: The junior officers for 1973-74 are Joe Beall, President; Charla Morphis, Vice-President; and Angela Rodgers, Secretary.

Starting Anew

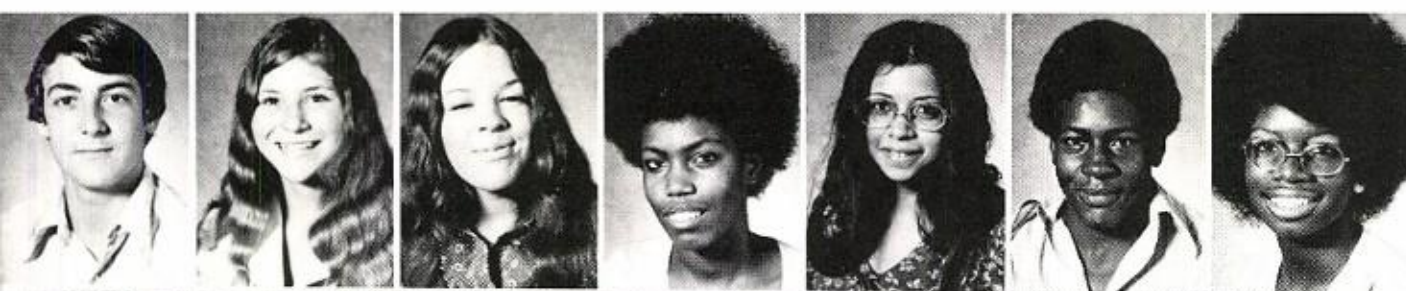

"Starting Anew" is what the 619 sophomores did at John Tyler during 1974. Many of the sophomores attended the sophomore orientation August 23, and found their way around. The sophomores started again in studies and also in making new friends. They met new teachers and principals and learned new rules. In the end, there was the satisfaction of knowing that one day, they too would be juniors, then seniors.

Above: The sophomore officers for 1973-74 are Raymond Maxon, Vice-President; Becky Bell, Secretary; and Chris Caldwell, President.

Above: Sandra Thomas, Brenda Dry, and James Meredith perform at the John Tyler-Robert E. Lee Pre-game.

OUR PATRONS

Far Right: Ramada Inn, one of the many hotels located in Tyler show that they are behind the Lions.

Right: Briggs-Weaver show that they are great boosters for the Lion clan.

Below: Judy Harris, an employee of J. C. Penney's checks a dress out for a customer.

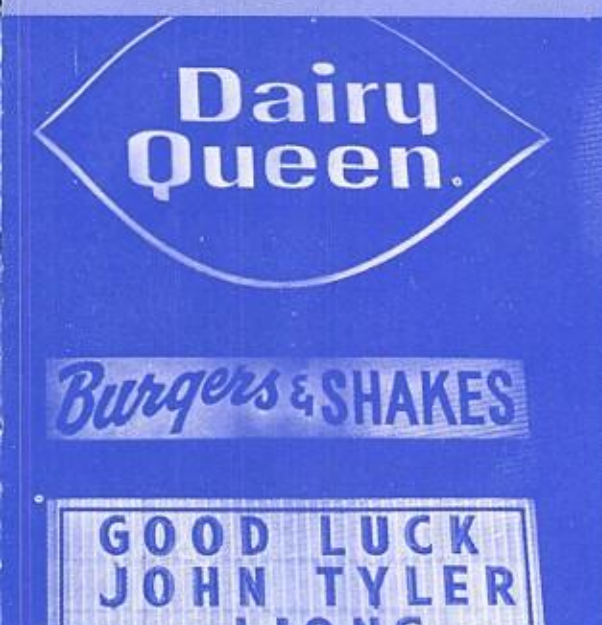

We the people of this nation depend on businesses to provide us with the essentials of every day life. Such needs as clothing, tools and homes are provided for us through the cooperation of the business world. The public and the businesses work together—both depending on each other—for without unity they would both fall for lack of support.

Above: Della Hudnell and James Cain check supplies at a toy display counter.
Far Left: Fifth Street Automotive show that they're backing Earl Campbell all the way.
Left: Dairy Queen shows that they're great supporters of the Lions.

Carolyn,
 a think you are
 a great girl. I'm
 glad we have a
 together this year. Be good,
 and lots of luck in the
 future.

We Guarantee Optical Perfection

You could spend as much to learn a skill as we'll pay you.

You've graduated from high school, and you're looking for a good job. But to get one, you need training that could possibly cost hundreds of dollars in trade or technical schools.

Today's Army offers you this training, and a salary, too. **\$326.00** a month before deductions, to start. And that's money in the bank when you consider that expenses like food, housing,

medical and dental care are all free.

We have over 200 excellent job-training courses. Taught by qualified, professional instructors, with equipment you can't wait to get your hands on.

And you can pick the training you want. In electronics, communications, law enforcement, food service, administration, construction, you name it. If you're qualified, we'll guarantee it, before you enlist.

So if you'd like a headstart on your career, at our expense, see your local Army Representative.

Today's Army wants to join you.

Acknowledgements

Patience and hard work are two words that could clearly describe the making of a yearbook. Although the year proved very rewarding the staff could not have edited this book without the help and understanding of all concerned. In expressing our gratitude, we would like to thank Mr. Alvis Hanna, Mr. Alvin Anderson, Mr. Clifford Baker, Mrs. Dorothy Atwood and the office and library staffs for their assistance. For guidance in the field of photography, we would like to thank Mr. Rolan Crawford and Karl's Camera and Cards. Our sincere appreciation goes to Mr. W. A. Christian, Mr. Bill Henderson and the staff of the Henington Publishing Company. We would also like to thank the faculty, the students and the advertisers for their cooperation with us.

Behind The Scenes Of Our

thoughts . . . memories . . . ideas . . .

Reminiscing back through this year we find that the year has really been the "Year of the Lion". In all phases of academic and competitive views we found that through hard work and dedication many great things could happen to give a school a title as being number one. Beginning with the summer the Brigadettes achieved a title as being a number one drill team at the camp they attended.

Several other clubs and organizations have also obtained number one titles. On December 22, 1973 our football team coached by a dedicated staff of workers were pronounced State 4-AAAA Champs.

This above all will stand out in all our memories of our high school days because it had been 43 years since a lion team had won state. There were many other experiences that happened this year not only at school but in the world at large. Students found themselves affected by the gas shortage, also an energy crisis caused many changes to happen. As a result of the energy crisis—daylight savings time was then decided to be one considerable means of conserving energy; therefore families across the nation moved the hands of time up one hour. This action caused a considerable change in the usual routine of some students. Over all the 1973-1974 school year will always be one to remember.

Top: The scoreboard clock shows 51 seconds left before John Tyler is declared State 4-AAAA champions.
 Middle: As the fourth quarter ends the score shows the Lions the undisputed champs.
 Bottom: The final result flashes brightly on the Astrodome scoreboard.
